

New Research Reveals...

# How To Make A Bushel Of Money Fast... If... You Own Your Own Website... And... You Are Lucky Enough To Live Within 50 Miles Of Downtown St. Louis!

Have you ever wanted to make some serious money? Maybe even become a millionaire? Would you finally like to score big ahead of the pack... but do it where it's quiet... away from the crowd?

If so... and... if you live in or near St. Louis... there is now a very real chance you will be able to do it.

Here is why: Two years ago, a very rich man assembled a veritable "dream team" of internet researchers to work on a very secret project... to find out...

## What Would Be The Very Best Way To Get Rich With A Website Once "Pay-Per-Click" Stopped Working?

As an astute businessman, he foresaw a day when outrageous pay per click bid prices and rampant "click fraud" would destroy confidence in all forms of web-based marketing. So he hired the very best minds in the world to stay well ahead of the curve.

Well, what the research team found out was very unexpected and rather amazing. The secret they discovered literally drives more traffic to any website than search engine optimization and pay per click combined. It almost forces people to your site (and your site only) and... it's so ridiculously cheap to pull off... it makes some people feel like they are stealing.

But, they are NOT stealing. This is a traffic generating technique which is 100% legal and 100% ethical. It's just that no one else has thought of it before... and nobody ever thought generating huge amounts of traffic could be this easy. Here are some of the "highlights" which explain why this unusual secret works so well:

- ✓ **It produces immediate website traffic and dramatic cash flow (buyers instead of browsers.)**
- ✓ **It completely eliminates "click fraud"... instead... generates stunningly "sticky" traffic and maximizes dollars per visit.**
- ✓ **This technique... produces automatic profits... 24 hours a day. (It doesn't matter if you're sleeping, on vacation in Hawaii, sick in bed with a cold or anything else.) No matter what you are doing this traffic technique... just keeps generating visits to your site... and if your site is a true selling site... you'll make money almost like you had a license to print \$100.00 bills.**

- ✓ This is a technique which gives you a staggering return on investment (much more than banners, pay per click or search engine optimization)
- ✓ **This is a technique which requires no knowledge of keywords, programming or even talking to irresponsible "web weasels."**
- ✓ This is a technique you can work part time... full time... or even "no" time! (Note: If you don't want to do any of the traffic driving work yourself, you can easily hire someone to do it for you.)
- ✓ **You can make your own personal fortune (if you take action right now... before your competition uses this secret weapon against you)**
- ✓ This is a technique which brings in real money instead of meaningless "hits."
- ✓ **This is a technique which is so powerful... it forces people to line up and almost beg to buy from your website.**
- ✓ There is absolutely no code, metatags or even clever page building needed to make this system a "self feeding" cash cow.
- ✓ **This technique creates instant trust and jump starts confidence in your website.**
- ✓ You can stay small or grow as large as you want!

Well that's about it. The rich gentleman who paid for the research on this project had the research files sealed until April 6 of this year. This information has recently been made available to the public and remains... the most powerful, most effective and the fastest single way to multiply money online known to man. The secrets can now be used by others in the St. Louis area as long as they do not compete with his unusual but very personal project. He has now given another individual permission to tell the story on several audio CDs which is simply titled "The Last Train Out" and it's being sold on a very unusual basis. When you listen to the CD and follow the simple, easy instructions for a period of ninety days... you will make more money from your website than you ever dreamed possible.

And... because of the unusual content on the CDs as well as the potential of misuse... "The Last Train Out" is being sold with an "all sales final" condition. This means if a CD is defective... it will be replaced immediately and with no questions asked.

Why is the publisher doing this? Simple, because the gentleman who paid for the research insisted... this was the way the CD course had to be sold. Anyway, the course is only \$29.95 plus \$4.95 shipping and handling (by first class mail) and it's easy to order. All you have to do is call toll free at 877-327-0365 and ask for Department 12 and tell the person who answers that you want to order "The Last Train Out" course and give them your name, address, phone number and email address all with your credit card information. **Or... for the absolute fastest service: order online at [www.lasttrainout.com](http://www.lasttrainout.com)** That's all there is to it. Your copy of "The Last Train Out" course will be shipped immediately (within 24 hours) and... after 90 days, you will be making more money on your web site than you ever dreamed possible. Period.

Here's the toll free number to order:

**877-327-0365**

One last little thing... if our phone lines are busy... please... consider ordering from the website ([www.lasttrainout.com](http://www.lasttrainout.com)). This new little known secret could very well be your last train out... your very last chance to make a bundle in the St Louis area... operating almost secretly... away from the crowd.

Thank you for reading this message.

**P.S.** No copy of "The Last Train Out" will be shipped to people who live more than 50 miles from downtown St. Louis... and... all orders will be filled on a first come first serve basis until we run out of stock.

**P.P.S.** Interestingly enough, this idea tends to make the most money when the rest of the "internet economy" gets too competitive. In fact, it really is the only way left to really beat the system and get rich when nothing else seems to work.
