How to Rinse Bouts of Heartburn, Acid-Reflux and Constipation Right Out of Your Body

If you take prescription meds to fight these stomach issues, **YOU COULD BE A WALKING TIME BOMB!** But what if I told you I can solve almost any digestion problem; so you eat anything you want without suffering the consequences? It's a lot easier than you think.

Look, I get it. It's almost impossible to worry about everything you eat. But if you suffer with digestion problems, and slip up, the experience is horrifying. Think about it...

Eat a slice of pizza and you're stomach twists up in knots. Take a bite of something that "doesn't agree with you" and a 5-alarm fire rages in your throat.

Even the simple act of going to the bathroom is a nightmare. You strain and strain, but just can't go. And become so constipated that the pain doubles you over so you can't breathe. It's a real mess!

If this sounds like you, you're not alone. Millions suffer right along with you. That's why I'm writing to you today.

I'VE DISCOVERED A SOLUTION TO BEAT ALMOST ANY DIGESTION PROBLEM... INSTANTLY!

And it's not only simple; you may never experience another digestion episode again! (*More on that in a minute*)...

Prilosec®, Prevacid®, Pepcid® and Nexium®: Are They Worth The Risk? It's true that Nexium®, along with the other 'proton pump inhibitors like Prevacid® and Prilosec® and Pepcid can give you temporary relief, but at what cost?

The truth is, if taken for too long, these drugs can cause serious problems. Most people take them for years! If you do, you may be asking for big trouble!

Like thousands of others, you could end up with brittle bones, hip and wrist fractures and a damaged spine. Plus put you at risk for nasty infections that can land you in the hospital for weeks. And it's especially true if you're over age 50 years old!

A "HIDDEN" DANGER MOST DOCTORS DON'T EVEN LOOK FOR!

These drugs can cause dangerous inflammation, often called the 'secret killer' because doctors don't even check for it. But left alone, it can be catastrophic. Inflammation starts by eating away the lining of your stomach. Then, begin to eat away at all your major organs, leading to heart troubles, elevated blood sugar, thin arteries, and even affect nerve cells in your brain.

The Bottom Line: Digestion drugs can bring about serious issues with your entire digestive system! And if you don't do something about it now, your problems are just beginning!

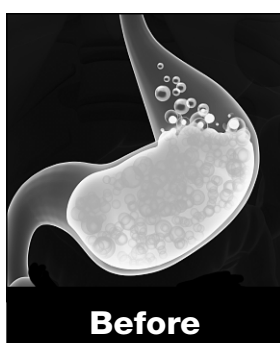

MY PATIENTS ARE THRILLED WITH THE RESULTS!

I want to share with you what I take and refer all my family of patients to. It is simple, all natural and a quick solution to digestive issues, called **AloeCure®**. It isn't a drug, yet its clinical strength Aloe vera defuses acid and gas attacks like nothing else on the planet! It starts to help your entire digestive system the moment you drink it. (without risking your health to dangerous drugstore alternatives).

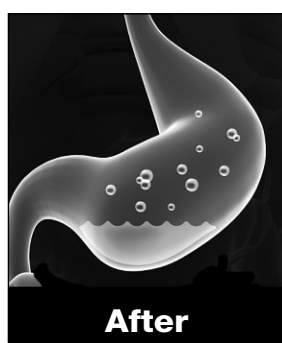

I know what you're thinking. "Aloe is for sunburns and cuts! Why would I want to drink it?" But what you might not know is; clinical strength aloe (like the kind used in **AloeCure®**) patches you

Overproduction of stomach acid can lead to:

- | | | |
|----------------|------------|------------------|
| ✓ Heartburn | ✓ Diarrhea | ✓ Abdominal Pain |
| ✓ Acid Reflux | ✓ Bloating | ✓ Constipation |
| ✓ Sour Stomach | ✓ Belching | ✓ Irritable Bowl |

Before

After

Just two ounces of AloeCure daily can reduce stomach acid 10 times more and lead to a cleaner, healthier digestive system

up even better on the inside. It calms the fire in your throat and belly right on the spot. And keeps you going so you don't have to strain, push (and pray) for relief. The moment you drink it, your digestion problems are fixed! It's that simple.

HELP DIGESTIVE ISSUES GO AWAY!

The secret is that **AloeCure®** is brimming with **malic-calcium**, a powerful acid blocker that quenches the awful burning sensation in your throat, stomach, and esophagus instantly. And keeps the acid level balanced so your symptoms disappear and don't come back.

AloeCure® also contains **polysaccharides** a 'wonder' compound that gently costs the throat, esophagus and stomach, delivering instant relief to cells scorched by excess acid.

What's more, it contains vitamins, minerals, and amino acids that fight the inflammation and help heal your body, not just after a meal, but all the time. So you get relief you can count on, day after day.

Most impressively, **AloeCure®** clears out your gastrointestinal tract. It opens a pathway for your unwanted waste so it moves thoroughly through your digestive system as it should.

"Antacids can cause brittle bones, hip and wrist fractures and a damaged spine."
