What You're Seeing!

Doctors discover that the average person has 8 undigested meals and waste matter in their digestive track right now.

(see page 9)

In this Special Expanded Issue:

"For 19 Years, Flora Source™ Has Been THE MOST EFFECTIVE Probiotic in America! Doctors Praise Flora Source™ And "Prescribe" it for Their Patients...

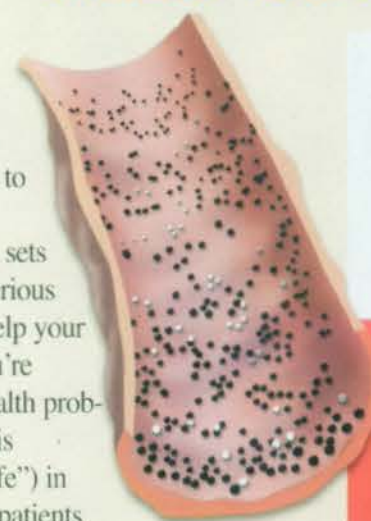

I GUARANTEE Flora Source™ Works For You—No Matter How Bad Your Condition Is, How Long You've Had It Or How Old You Are—OR IT'S FREE!

Doctors Discover The "Bad Bacteria" In Your Digestive Tract Multiplies Like Crazy And Runs Wild Causing Illness—UNLESS YOU STOP THEM!

Good Bacteria (Shown shown to the left as white) The key role for good bacteria is to keep the bad kind under control. It does this by outnumbering them by a *big* margin—as you see. There are many more white (good) bacteria than (brown) bad bacteria. Unfortunately, as we get older, our good bacteria decline. In addition, because of drugs, our modern diets, alcohol, excessive sugar and chlorinated water, we can lose up to 87% of them. *Doctors admit this is a major health concern.*

Bad Bacteria (Shown to the right as black) They take over when your good bacteria become weakened or depleted. This leads to an overgrowth of fungi, mucus, yeasts and parasites—which then sets up a breeding ground for more serious digestive ailments. You have to help your friendly bacteria grow or else you're *definitely* going to suffer from health problems all your life. Flora Source™ is the #1 probiotic (meaning "pro life") in America. Doctors use it for their patients it's so *astoundingly* effective.

"WORKS LIKE A MIRACLE!"

Doctor William A. Nunn, N.D.

Even With One Bowel Movement a Day, There Are Still EIGHT MEALS Sitting In Your Digestive System Right NOW!

"Independent Tests PROVE it Has 15 Times More Health-Boosting Cells Than Others!"

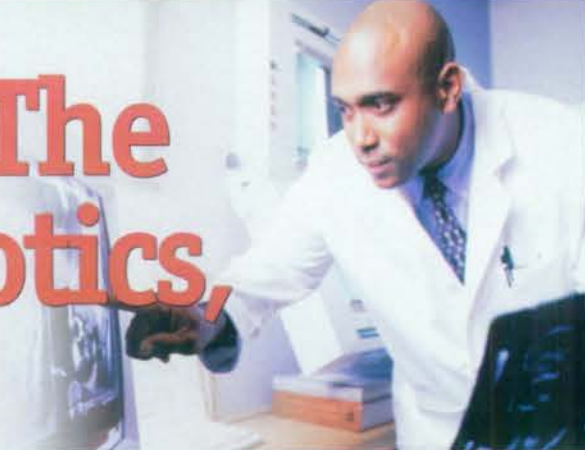

Our leading competitor has only one billion cells per capsule. That's not enough to restore the balance you need in your digestive system. Flora Source™ has a whopping 15 billion cells per capsule—15 times MORE! That's precisely what the chart below tells you. *This is why Flora Source™ is #1.*

15 Times More Viable Cells

Doctors Recommend The "Rolls Royce" of Probiotics, Flora Source™!

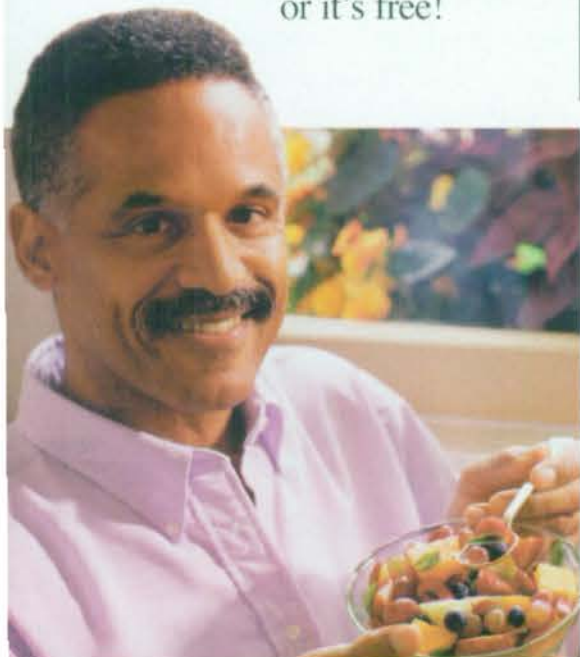

It Helps End Poor Digestion, Gas, Bloating, Constipation, Diarrhea, Fatigue, Heartburn, Acid Reflux, Colitis & Irritated Bowels, Nervous Stomach & Urinary Tract Concerns!

You take 15,000 showers in your lifetime. You brush your teeth close to 30,000 times. Don't you think it makes sense to clean the **INSIDE** of your body—even *occasionally*? Doctors agree: a poorly functioning digestive system is the secret cause of many chronic illnesses.

#1 ranked Flora Source™ can help repair your gut, improve digestion and help reverse health problems drugs didn't fix. Doctors *rave* about its ability to restore the "friendly" microflora bacteria in your digestive tract. They routinely use it for their patients.

Even if you've "let yourself go" you can get your energy back, start enjoying your favorite foods and feel better faster with Flora Source™, *guaranteed*, or it's free!

IT'S ALMOST UNBELIEVABLE.

According to the respected Life Extension Foundation, "more than 100 million people" are impacted by digestive problems that make life miserable. Even *doctors* are stunned by the extent of this problem.

There's a titanic battle in your systems between the "friendly" and "unfriendly" bacteria. The friendly bacteria, also known as Probiotics or microflora, help you break down and absorb the food you eat. They also prevent the "unfriendly" kind from attaching themselves to your system, causing illness.

Your Digestive System Is Your Body's "Food Processor."

Why is your digestive and bowel health so important? Your digestive system is responsible for delivering *critically important* vitamins and nutrition to your system. If your system isn't working 100%, then your organs, blood, cells, nerves and muscles are NOT receiving 100% of the nutrition they need to function properly. Poor digestion does not end with gas or bloating. It can contribute to serious illness.

Flora Source™ Helps Your Digestive System Function Like a Dream

For 19 years, Flora Source™ has been America's #1 formula. I **GUARANTEE** that it will quickly and easily restore the balance between "friendly" and "unfriendly" bacteria and protect you against digestive disorders. In the next 6 minutes, discover the amazing power of Flora Source™ to help you get better.

Thomas L. Carter

"I GUARANTEE It Works..."

"I promise that you get better, no matter how bad your condition is, how long you've had it—or how old you are—OR FLORA SOURCE™ IS FREE!"

DOCTOR SHOCKER! HOW CLEAN ARE YOU INSIDE?

USERS SAY IT WORKS FAST...

"Bowel Movements Get Easier"

"I couldn't believe that I had a normal bowel movement for the first time in years. Even my doctor noticed how much better I was doing!" C. Warren, KS

Eating Yogurt Is NOT Enough!

Many brands do not have enough friendly bacteria to help you.

Why risk it? Dr. Leo Garland says, "Commercially available fermented foods are unfortunately unreliable sources of Lactobacilli."

Next page, please...

YOU HAVE THIS PROBLEM "100 Million Americans" Are "A Hidden Epidemic" That

You Need a Functioning Digestive System To Be Healthy. Your Intestine Starts At Your Mouth And Ends With Your Rectum. Millions Have "Polluted"

Flora Source™ Works For You—OR IT'S FREE!

Even if you have MILD DISCOMFORT—this is a vitally important warning sign. DON'T IGNORE IT. The Life Extension Foundation says "More than 100 million people" have digestive problems. Thousands of people have reversed lifelong health nightmares with Flora Source™!

Your Friendly Bacterial Level PLUNGES As You Get Older!

This is serious. Friendly bacteria help neutralize carcinogenic substances and help suppress the growth of tumors in your intestine. As you age, your friendly bacteria level goes down, and this sparks another major problem. This lets the harmful bacteria get a foothold in your colon and intestines. The fecal matter builds up, viruses thrive and you become sick. You **MUST** help your body by bolstering your good bacteria levels.

It's now a crystal clear scientific fact: poor digestion lies at the root of countless illnesses. If we are what we eat, we're only as healthy as our ability to successfully digest and absorb the nutrients from our food. I don't care how healthy your diet is, if your vitamins, nutrients and minerals are NOT being successfully absorbed, you'll get sick. And it's a disaster when food doesn't pass through you quickly, the way nature intended.

What you eat turns into toxic waste matter in your digestive tract. Your PROTEINS turn putrid and rot, FATS become rancid and CARBOHYDRATES ferment. This decaying food feeds armies of germs, viruses and yeast. Your protection is restoring the "friendly" bacteria balance in your digestive tract and health problems routinely clear up.

Science Is Finding Out How Valuable These Tiny Miracle Workers Are

As many as 498 different bacteria call your digestive system home. Most important, "friendly bacteria", also called probiotics, help you break down your food and absorb critically important vitamins, minerals and nutrients.

They *also* stimulate your body's vital immune system by increasing production of immune-boosting substances like IgA (immunoglobulin antibodies). Probiotics also help stop "unfriendly" microorganism from attaching themselves to you as well as helping to prevent the entry of allergens. This is for starters.

If you have high cholesterol, these good guys bring your body back into balance by removing excess cholesterol. A study in the *Journal of Dairy Science* showed a whopping 17 percent increase in the ratio of "good" cholesterol to "bad" cholesterol. And that's not all they do. They *also* "crowd out" bad bacteria.

As You Grow Older, Your Level of Friendly Bacteria Can Drop 87%

Your gastrointestinal track (GI) should ideally contain 85% friendly microbes and 15% "unfriendly" bacteria. Sadly, for most people, those numbers are reversed, meaning 85% of the microbes are "bad" and only 15% is good. That's why the #1 health complaint—*worldwide*—is poor digestion, constipation and diarrhea, lack of energy, toxins, irritated bowels and high cholesterol. You can, however, *greatly* increase your level of friendly microbes.

"Rescue" Your System By Giving It What It Needs To Win

Flora Source™ has 15 BILLION health-building cells in each capsule versus 1 billion for our leading competitor. Like NO OTHER product, it provides your body with the vital friendly bacteria to fight off dangerous bacteria that threaten your entire digestive system, leading to serious illness. Flora Source™ stimulates your entire digestive system by helping to produce essential vitamins and regulate their levels in your system.

If Levels of Good Bacteria Drop, The Digestive System Suffers..." Better Nutrition

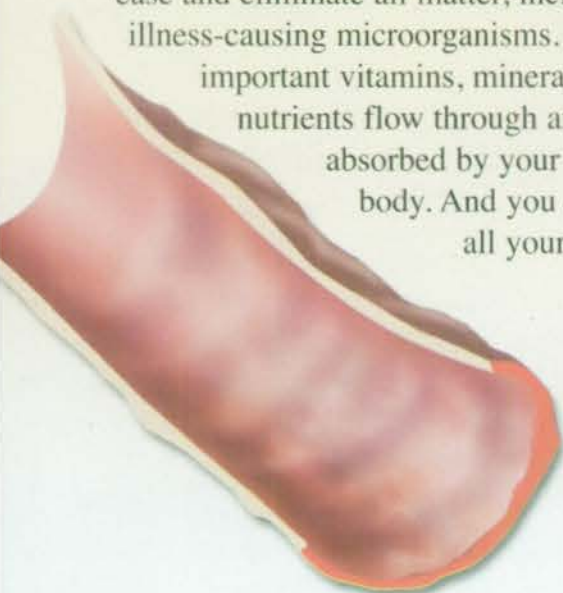

RIGHT NOW! Doctors Say Affected. Researchers Call It Sneaks Up On You..."

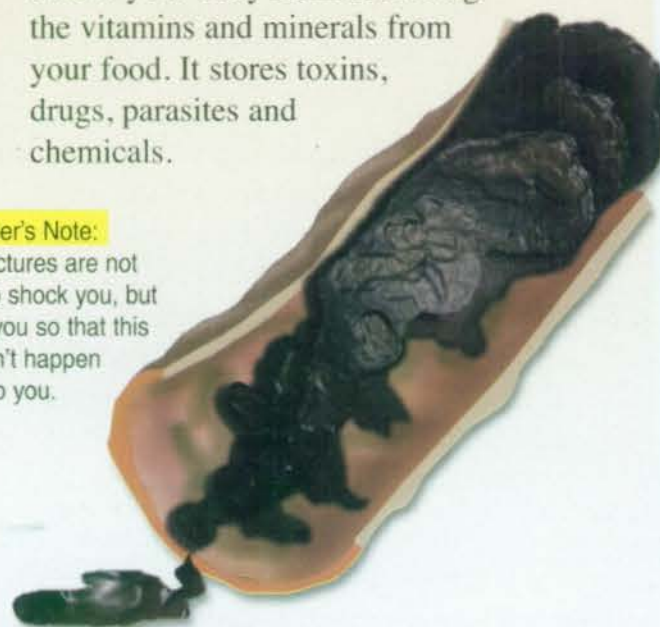

Tract Is a "Pipe" That Extends 25 to 30 Feet, Beginning With Your Encrusted Colons That Help Cause Serious Health Problems.

"Most People Are Shocked To Learn That The Average Person Can Hold Between 5 and 10 Pounds Of Fecal Matter In Their Body." Holistic Health Tools

A clean, healthy, disease-free digestive tract lets you go to the bathroom with ease and eliminate all matter, including illness-causing microorganisms. It lets important vitamins, minerals and nutrients flow through and get absorbed by your entire body. And you digest all your food.

An encrusted, fecal-lined tract has undigested food, heavy mucus, and resembles a blackish-green strip of a car tire or twisted piece of old rawhide. It blocks your body from absorbing the vitamins and minerals from your food. It stores toxins, drugs, parasites and chemicals.

Reader's Note:

These pictures are not intended to shock you, but to inform you so that this doesn't happen to you.

USA Today says Actor JOHN WAYNE Had 40 POUNDS Of Encrusted Fecal Matter

This respected newspaper says, "Most people who eat the standard 'goo and glue' diet have about 5-10 pounds of matter stored in the colon. It's said that, according to the autopsy, actor John Wayne had 40 pounds of impacted fecal matter in his body at death." It can build up on you—and you don't feel a thing! It's *frightening*.

The New England Journal Of Medicine Drops a BOMBHELL On Prilosec® and Prevacid®

Here's Why You Need a EFFECTIVE, NATURAL AND SAFE SOLUTION...

This is incredible! A survey of over 4,200 patients taking Prilosec or Prevacid found:

- 35% to 41% of the people taking these drugs **CONTINUE** to experience daily heartburn symptoms
- As many as 60% say that they're experiencing these symptoms three or more times a week.
- 75% of these people **ALSO** take Pepcid, Maalox and Tums.

Do You Have Even ONE of These 5 Symptoms?

Even If It's Mild, You Have a Problem. You CAN'T Ignore It...

1.) That Feeling Of Being Bloating

This comes from excessive gas in the digestive system caused by bad bacteria in the colon. It can *also* come from a lack of digestive enzymes and bile to break your food down so it passes through you painlessly.

2.) Occasional Constipation

Your stools are getting harder, so it takes more time to go to the bathroom. It hurts to have your feces pass through your body. They start accumulating on the walls of your colon.

3.) Occasional Diarrhea

Diarrhea makes you go to the bathroom often

and produce watery stools. Cramping often happens. It's painful. Sometimes you have a sudden desire to go—even when you can't.

4.) Stomach Pain

This can appear in different places and different intensities. Cramping happens because of muscle spasms in your stomach. There's often pain near your colon.

5.) Nausea and Vomiting

This ranges from an unsettled stomach to repeated throwing up. Your body is reacting against the pathogens and harmful bacteria that infest your system.

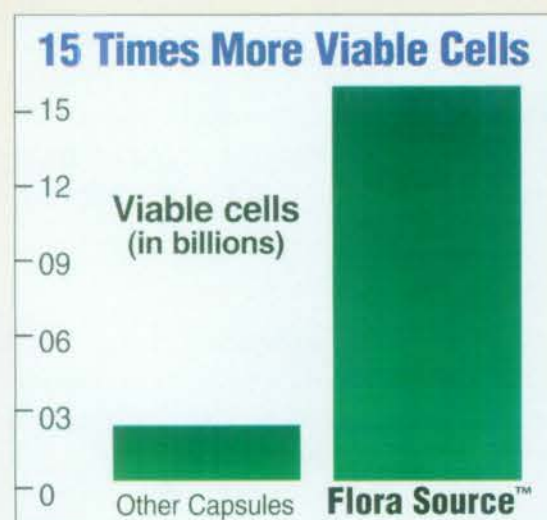

"For 19 Years, Flora Source's Break Has Ranked #1. It Has 15 TIMES It Placed First By an Independent Of People Have New

Imagine, no more gas, bloating, indigestion, diarrhea, constipation, irritable bowel concerns—all because your digestive system works like a dream—come-true. Eat what you want and enjoy dramatic new energy that puts pep in your step!

My Guarantee & Promise: Flora Source™ helps you turn the corner on any digestive problem, no matter what your age or how long you've had it, or how bad it is—or *Flora Source™ is free*. Here's why I say with total confidence!

We GUARANTEE 15 Billion Cells Per Capsule Versus 1 Billion For Others!

Flora Source™ has 15 TIMES MORE viable cells than others do. It's not surprising that we're the #1 brand in America and have been rated #1 by an independent testing company. Flora Source™ WORKS. Look at this chart! *It's stunning...*

19 years is a long time to stay #1. Dozens of formulas have come and gone—but no one has ever *touched* Flora Source™. That's why I call it the "Rolls Royce" of probiotics.

If there's a "secret" to our success and the wonderful results we routinely give people, it's this. FLORA SOURCE IS SIMPLY A BETTER PRODUCT.

Flora Source™ Is Tested And Emerges #1. It Brings You More "friendly" Bacteria with 16 Valuable Strains Of It!

Most other probiotic products contain 1 billion cells per capsule—and perhaps 2 or 3 different probiotic strains. That may sound like a lot, but it's not. It's NOT enough to protect your system against the daily pounding from modern processed food, alcohol, excessive sugar, chlorinated water, preservatives, chemicals in the environment and toxins.

When the "friendly" bacteria are overwhelmed, the bad ones soar in number and overwhelm your good bacteria. Your system becomes like a swamp—a breeding ground for excess yeast, fungi and

parasites. This sets your system up for serious health problems like colitis, diverticulitis, irritable bowel syndrome, diarrhea, allergies and many others.

So if you take a probiotic like most do, it's not surprising that you may experience disappointing results. There's simply not enough "firepower" in these formulas to make them work for you. It's no mystery. Now compare this to Flora Source™...

15 Billion Cells Per Capsule and 16 Different Probiotic Cultures!

It's better two ways. First, instead of just 1 billion cells per capsule, Flora Source™ delivers a whopping 15 billion. That's 15 times MORE. Second, instead of just 2 or 3 probiotic strains, Flora Source™ hits the ball out of the park with 16!

This is a little-known but vitally important benefit. These cultures each do something *different* to help your system. So with more strains, your chances of getting better rise dramatically. These "extra steps" are a key reason why Flora Source™ has remained #1 for 19 years! There's more.

FLORA SOURCE™ WORKS FAST... Users Are Amazed...

E.R. Rea said "within 3 days" the diarrhea stopped and "I was able to eat chili for the first time in 30 years!"

S. Foraker of New York says "within a few days of taking Flora Source™," he can "now eat dairy foods without misery."

R. Curry of Texas suffered from painful ulcers for years. After trying Flora Source™ he said, "in 4 days they went away."

"Some people get results the very first day because Flora Source™ is such a potent, effective formula."

through, Proprietary Formula More Health-Boosting Cells. Testing Company! THOUSANDS Energy & Feel Great!"

The Dirty Little Secret Other Brands Try To Hide

In order to be effective, friendly bacteria must pass through the acid and bile in your stomach in order to enter your small and large intestine. Unfortunately, studies show that the stomach acid and bile kills the cells. Only Flora Source™ uses superior quality cells that are FULLY ACID AND BILE RESISTANT.

Other brands say that they solve this problem by using an enteric coating, which is applied at high heat. It *still* doesn't work. The heat KILLS the cells, making the product almost useless. Flora Source™ is #1 for a reason...

The Incredible Potency—15 Billion Cells Per Capsule—How could fewer work better? It doesn't make sense. Flora Source™ is a better product because it has more cells that do more to help you, period!

Flora Source™ Acts Very Quickly Because It's So Effective: Because it's super-potent, Flora Source™ gives you results incredibly quickly. Just look at our testimonials! See how these folks were helped. Flora Source™ works.

No Other Product In America Offers 16 Probiotic Strains: Only Flora Source™ can make this statement. With more strains, your chances of having them help solve your health problem skyrockets.

HERE'S WHY WE'RE THE MOST EFFECTIVE PROBIOTIC IN AMERICA: 16 POWER- HOUSE PROBIOTICS...

Flora Source™ Secret #1:

Bifidobacterium Infantis: Helps inhibit pathogenic bacteria such as E. coli.

Flora Source™ Secret #2:

Bifidobacterium bifidum: Helps protect against diarrhea and intestinal infections. Reported to have immune strengthening properties.

Flora Source™ Secret #3:

Bifidobacterium lactis: Helps alleviate constipation, prevent diarrhea and decrease chronic inflammation of the colon.

Flora Source™ Secret #4:

Bifidobacterium longum: Helps eliminate nitrates!

Flora Source™ Secret #5:

Bifidobacterium breve: Help prevent rotavirus-induced diarrhea and activates your immune system. Also helps treat irritated bowel syndrome.

Flora Source™ Secret #6:

Lactobacillus plantarum: An important tool in anti-microbial defense. It helps the body to absorb key nutrients, vitamins, and anti-oxidants and eliminate toxic elements from food. Also shown to be effective against yeasts like candida.

Flora Source™ Secret #7:

Lactobacillus casei: Help protect against Listeria bacteria that is most commonly transmitted through eating contaminated dairy products and raw vegetables.

Flora Source™ Secret #8:

Lactobacillus rhamnosus: Effective in helping certain type of diarrhea. Helps regulate the immune system. It supports the body's natural resistance to vaginitis and urinary tract infections.

Flora Source™ Secret #9:

Lactobacillus salivarius: Has the unique ability to fight peptic ulcers by eliminating *Helicobacter pylori*.

Next page, please...

A Surprising Scientific Fact

It's this: the acid and bile in your stomach destroys the effectiveness of their capsules BEFORE they reach your digestive tract. That's because they DO NOT use the same acid-resistant, bile-resistant Probiotics we do. This means their capsules do very little if anything. *There's more...*

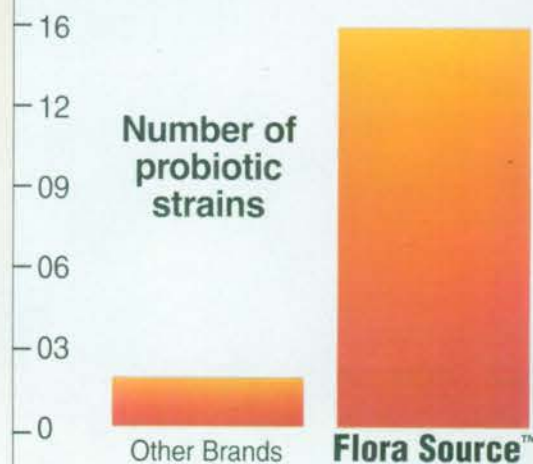

Their So-Called "Coating" Is a DISASTER

Many put an enteric coating on their capsules to prevent this from happening. Bad move. The heat that's required to apply this coating KILLS the active cells in their capsules. Flora Source™ uses superior quality probiotic cultures THAT ARE NOT HARMED BY STOMACH ACID AND BILE. *That's why Flora Source™ #1 for 19 years!*

We GUARANTEE 16 Different Probiotic Strains Per Capsule Verses 2 For Others!

Nearby you see the list of the 16 powerhouse probiotic strains Flora Source™ has. Other brands might have 2—or 3 if you're lucky. Since each culture helps you get better in a different way, having more strains skyrockets your chance of getting outstanding results and feeling better. The difference is HUGE...

8 Times More Strains

NOT SOLD IN ANY STORE!

Don't Delay! 1-800-914-6311

Flora Source™ Secret #10:

Lactococcus lactis: A natural antibiotic that reduces the ability of pathogenic bacteria to grow and cause infection.

Flora Source™ Secret #11:

Lactobacillus bulgaricus: Helps the digestion of milk products. Helps produce natural antibiotic substances and cleans your colon without disrupting friendly bacteria.

Flora Source™ Secret #12:

Lactobacillus brevis: Helps decrease intestinal permeability and has a positive effect on the immune system.

Flora Source™ Secret #13:

Lactobacillus paracasei: Effective in the prevention and treatment of diarrhea. Regulates the immune system.

Flora Source™ Secret #14:

Lactobacillus acidophilus: It's your first-line defense against alien invaders including yeasts. Helps keep the heart healthy by *lowering* cholesterol levels.

Flora Source™ Secret #15:

Lactobacillus gasseri: Helps reduce H. pylori and gastric mucosal inflammation.

Flora Source™ Secret #16:

Streptococcus thermophilus: The anti-oxidant activity scavenges the body for free radicals which increase with age, stress, the use of antibiotics, sugar, and chlorinated water consumption. Effective in maintaining intestinal and vaginal health.

Why Is Our Quality So High? We Do All Of Our Own Manufacturing...

Most other brands are NOT made by the companies that sell them. We make Flora Source™ in an FDA-registered, modern facility in sunny Arizona. Nutri-Health is a member of the National Nutritional Foods Association and the American Herbal Products Association.

Not only that, we even have an independent testing company review Flora Source™ for potency and effectiveness. We go that extra mile—and it's worth it. For 19 years we've been #1. THOUSANDS have found blessed relief from their health problems, as a result. Why not join them?

You Can't Assume You're OK. PLEASE DON'T TAKE THE RISK...

Flora Source is a doctor-proven solution. They personally use it to help stay well. Above all, I make this one point. Please don't think that you don't have this problem. Unfortunately, it's a simple fact of life when you grow older. The worst thing you could do is ignore it. Then it really can get a powerful grip on your body. For 19 years, there has been a simple, effective, inexpensive solution: Flora Source. Remember, it works for you or it's FREE. *That is true confidence.*

Thomas L. Carter

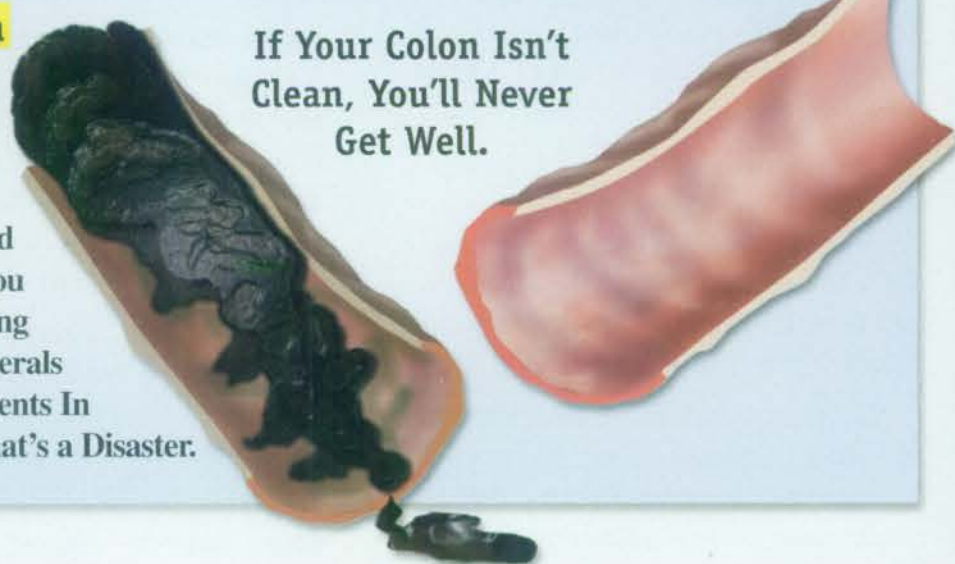

How Flora Source™ Helps Get Rid of Encrusted Fecal Matter

Flora Source™ contains many different varieties of *Bifidobacteria* plus *L. salivarius* because experts believe these specific strains help "dissolve away" the fecal matter by providing the needed enzymes and essential nutrients. Bifidobacteria works in your colon. That's where most of your good bacteria is. That's why it's so important. Put it to work for you.

Doctors Discover That With Even One Bowel Movement a Day, There Are Still EIGHT MEALS In Your Digestive System Right Now!

The Longer Toxic Waste Matter Sits In Your Digestive Track, The More PROTEINS Turn Putrid and Rot, FATS Become Rancid And CARBO-HYDRATES Ferment. When You're Exposed To Rotting Food, Germs, Viruses and Yeast Grow, Making You Ill.

THE SCIENTIFIC FACTS: If you're on the standard American diet (and who isn't!), food takes 65 to 100 hours to fully go through your system. By this I mean the time you put it in your mouth—to the time it comes out in the bathroom. In a time when we all had better diets—before the era of modern processed foods, transit time through your body was less than *half* this figure.

A Meal You Eat On Wednesday Is Still In Your Body On Saturday

Food takes up to 100 hours—that's 4 days—to get through your body. After 3 or 4 days, food rots. Leave today's lunch out for four days. Would you eat it then? Obviously not...*but food is still in you 4 days later!*

Keep Your Digestive System Healthy—Discover The Power Of Flora Source™

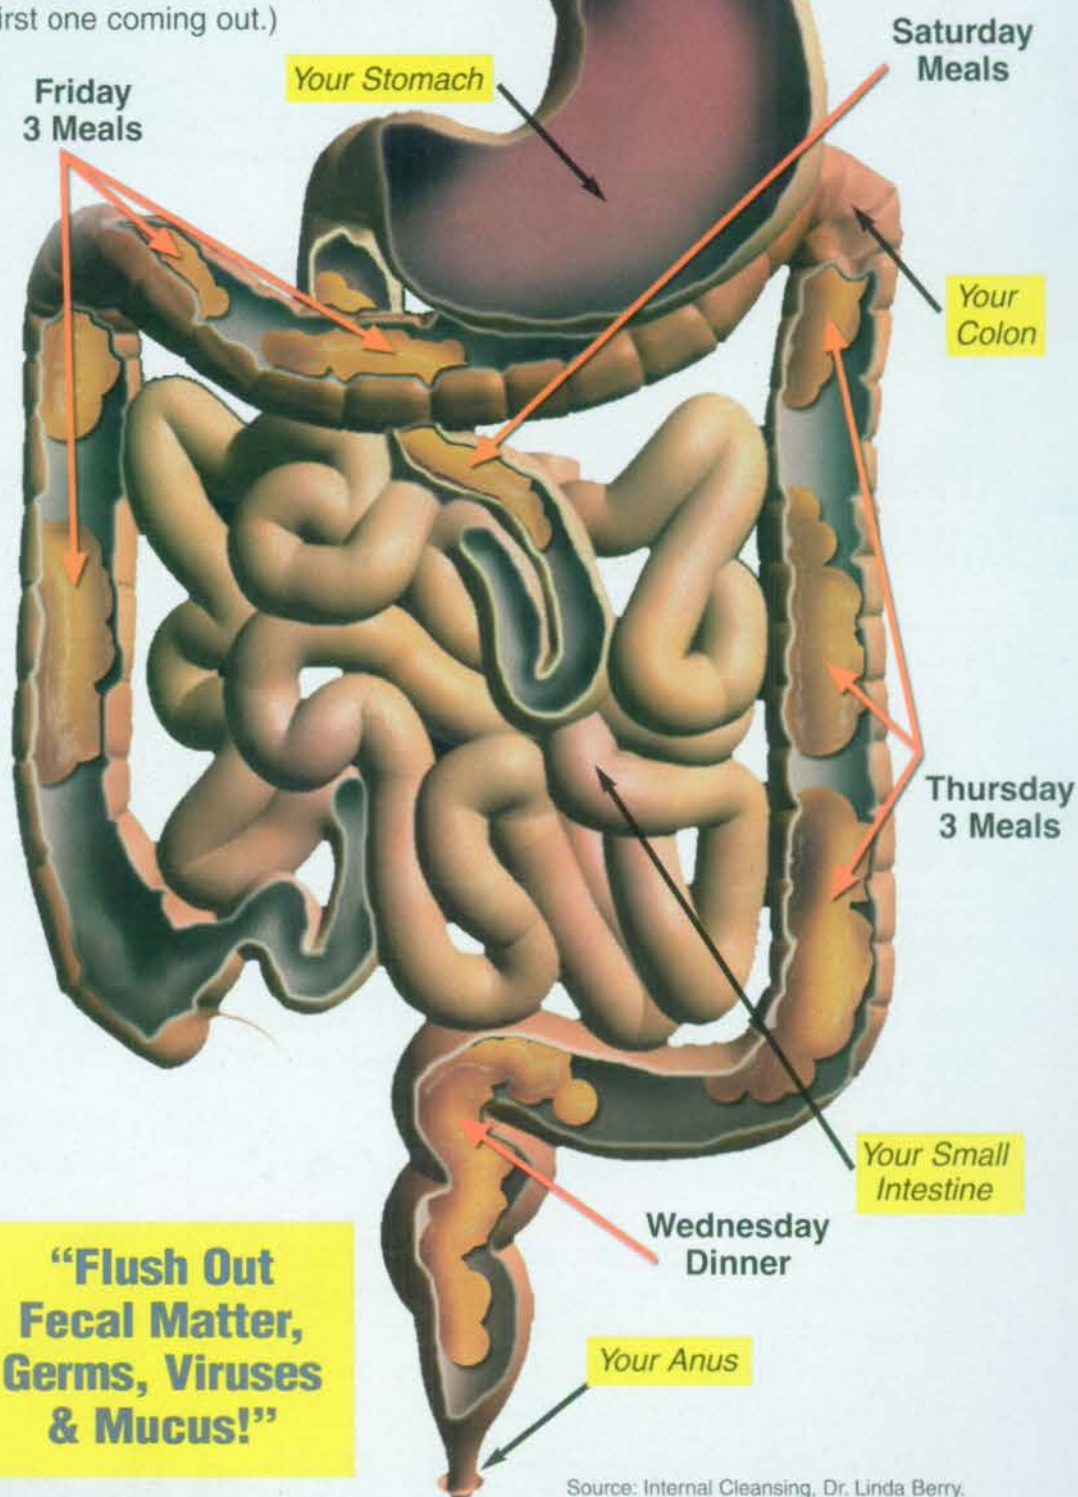

Not only is food taking longer to get through your entire digestive track, a large percentage of it isn't even digested! That's because the bad bacteria decreases digestive enzymes and good bacteria—both of which help you safely digest your food.

You've got to help your digestive system process and get rid of food as fast as possible. A healthy, functioning system could cut this time IN HALF. Flora Source™ can help restore the balance your system is being robbed of.

The Meals You Eat On Wednesday Are Still In Your Digestive Tract On Saturday!

WHAT YOU'RE SEEING: There are 8 meals in this digestive system. Dinner on **Wednesday** night is one. Three full meals on **Thursday**. Three full meals on **Friday**. And one meal, breakfast, on **Saturday**. This adds up to 8 full meals in your body at one time! (1+3+3+1=8 meals)

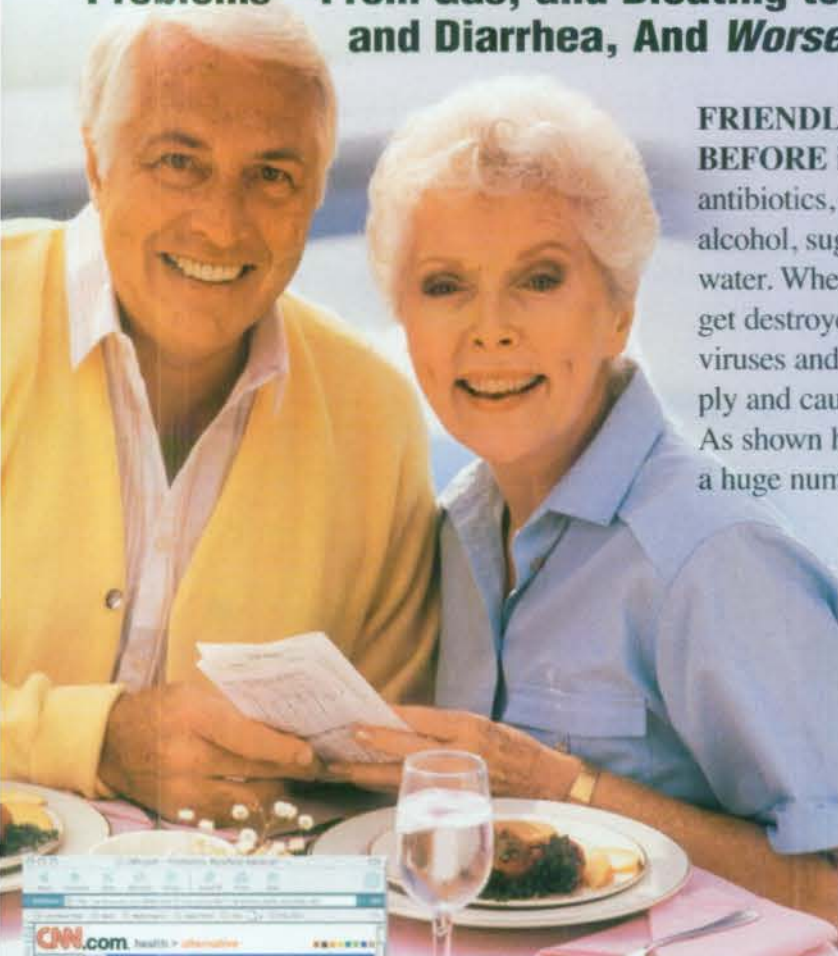

(Note: you'll notice below that the first meal on Wednesday is the first one coming out.)

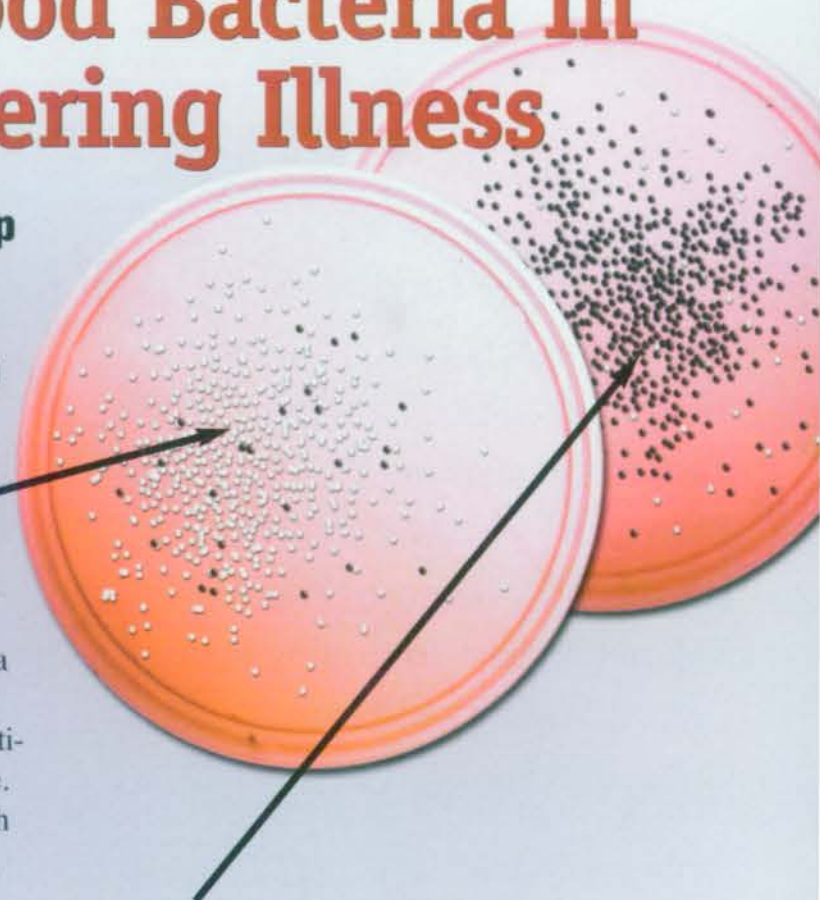

Source: Internal Cleansing, Dr. Linda Berry.

Drugs, Alcohol, Sugar, Your Modern Diet and Chlorinated Water Can KILL UP TO 87% of the Good Bacteria in Your System, Triggering Illness

EVEN A GOOD DIET IS NOT ENOUGH. You Have To Help The "Friendly" Microflora With Probiotics If You Want To Avoid The Usual List of Digestive Tract Problems—From Gas, and Bloating to Constipation and Diarrhea, And Worse

FRIENDLY BACTERIA BEFORE it's destroyed by antibiotics, processed foods, alcohol, sugar and chlorinated water. When the friendly bacteria get destroyed, harmful bacteria, viruses and other pathogens multiply and cause illness and disease. As shown here, you start off with a huge number of good bacteria.

HARMFUL BACTERIA AFTER the friendly type is depleted. Now they can move in and viruses, germs and other pathogens multiply, causing illness and disease. As shown above, the number of good bacteria shrinks and the number of bad bacteria SOARS.

CNN REVEALS:

"...it can be hard to get good bacteria through diet alone..."

Are You Taking Any Drug Now? You're Wiping Out Your Friendly Bacteria

THE BIGGEST CULPRIT

"...antibiotics are probably the biggest culprit. They lead to an overgrowth in the gut of fermenting bacteria. The activities and the toxic by-products lead to increased production of hydrogen and methane that damage the intestinal wall and severely disrupt digestion..."

The Insider's Guide To Natural Health

A DAMAGING EFFECT

"Antibiotics have a damaging effect on the intestines. They strip the colon of all intestinal flora. This puts the digestive and elimination system out of balance..." *Health Through Education*

THE HIDDEN DRUG DISASTER

"Now there's a big problem. We kill off our friendly bacteria with antibiotics, steroids, chlorine, antacids, birth control pills, stress, sodas and low fiber foods..."

Patient Health Services

DESTROY THE GOOD BACTERIA

"Antibiotics not only destroy the good bacteria in the intestines but they foster the ability of harmful strains of bacteria to get a foothold. Even if you rarely medicate with antibiotics, you're still exposed to them second-hand via non-organic meat and dairy products."

Better Nutrition

"For 19 Years, It Has Helped Thousands Restore Their Health!"

Doctors Praise Flora SourceTM And "Prescribe" it for Their Patients Because of its "ASTOUNDING EFFECTIVENESS!"

"Thank You For The Finest Probiotic Available." Dr. James Lapinsky, D.C.

"Flora SourceTM Is All I Have To Give Them," Suzanne Soehner, O.M.D.

For 19 Years, Flora SourceTM Has Been the #1 Probiotic in the U.S. Because it Works!

A Doctor Says His Patients GET BETTER FASTER

Dr. Thomas Stone, M.D. Sees It Work With His Patients and Reports, "To my amazement, several patients in a row reported that they felt much better as soon as they started taking it. There is indeed something very unique in this product."

A Doctor Says It's THE BEST HE TRIED

Studies Reveal That Laxatives, Drugs and Antacids Can Lead To a MAJOR Health Disaster! You Have To Restore Your Digestive Health Gently & Naturally

The popular digestive remedies have truly shocking disadvantages. 1.) They suppress pepsin, a stomach acid vital to digest protein. 2.) Many of the products contain ALUMINUM, a toxic heavy metal that's been potentially linked to Alzheimer's. 3.) Some contain calcium carbonate. Excessive use of this can lead to kidney stones and constipation. According to Dr. Mercola, drugs like Prilosec "actually worsen" your problem because it reduces vital stomach acid used to digest your food. Consider...

"Arthritis Drug Users Who Take Antacids May Risk Bleeding."

The Associated Press and
The Washington Post Health

The People's Medical Society Says You're In For a BIG SHOCK...

"Remember, antacids merely mask symptoms instead of handling the real problem, which could be *serious*. There are 'alarm' symptoms..."

"Long-term Use of Antacids Can Result In Side-Effects, Including Diarrhea."

The NATIONAL INSTITUTE OF
HEALTH, Federal Government

A Leading Doctor Says Antacids Can Kill The Friendly Microflora Causing Serious Health Problems

If you're grabbing an antacid for your digestive problem, you're making a huge mistake. Not only do they just mask the problem, they can make it worse. Listen to Dr. Ronald Hoffman.

"...antacids will sometimes cause your stomach to produce more acid—a condition called acid rebound, which worsens your gastrointestinal problem. Also, antacids change the pH environment of your gut, potentially causing an imbalance of friendly flora and putting you at risk by the unfriendly types. Some believe that antacids may even help set the stage for infection with *Helicobacter pylori*, the bacterium that causes ulcers."

U.S. News & World Report Warns: Antacids Increase Odds Of CATCHING PNEUMONIA BY 4.5 TIMES

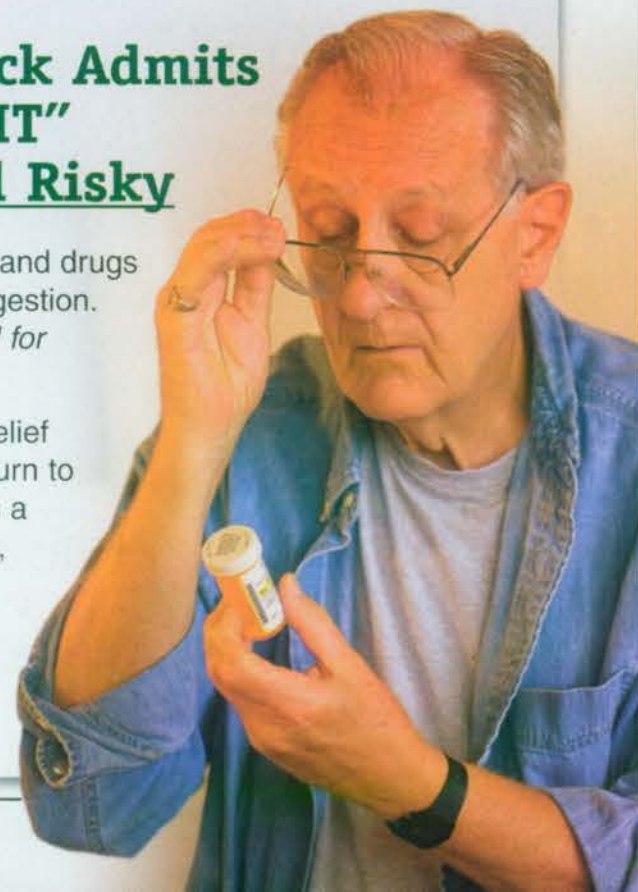

It made headlines in *U.S. News & World Report*, an internationally-respected magazine. The results of an antacid study of 500,000 people involving 149 doctors revealed the following little-known conclusion.

"People who have been taking acid-suppressing drugs were 4.5 times more likely to get pneumonia than people who hadn't taken the drugs..."

Even Drug Giant Merck Admits "THE LAXATIVE HABIT" Can Be Addictive and Risky

You'd expect a manufacturer of laxatives and drugs to defend them as treatments for poor digestion. Surprisingly, in The official *Merck Manual for Health & Aging*, they state...

"Not surprisingly, many people who get relief from constipation after taking a laxative turn to them the next time constipation becomes a concern. Many laxatives are easy to take, and the taste of some may even be appealing. The laxative habit is one that is more easily *prevented* than broken." Flora Source™ helps you *naturally*.

Don't Delay! 1-800-914-6311

Do You Know What "Gas" & Bloating Really Are? Are You Aware of The Hidden Consequences Doctors Warn About?

Gas and bloating are scary signs. Doctors are now just beginning to see that they're part of a larger, more disturbing picture. Gas forms when your digestive track does not have enough good bacteria to break down your food in your small intestine. *This creates a big problem...*

Your Food Is **UNDIGESTED** If It's Not Broken Down

Undigested food can literally rot in your digestive tract. This undigested food goes on to your large intestine where armies of billions of bad bacteria eat away at it. This creates gas because these harmful bacteria produce carbon dioxide, methane gas and hydrogen while doing their dirty work. This is precisely why you have to have the **RIGHT RATIO**. This simply means that your good bacteria far outnumber your bad bacteria. It's that simple.

Flora Source™ Gets Rid of Your Gas and Bloating—**OR IT'S FREE!**

I promise you here in writing, Flora Source™ can help get rid of your gas and bloating, or you won't pay a penny for it. In fact, you can even keep up to 10 free gifts worth a whopping \$266.50. To try Flora Source™, call 1-800-914-6311 now or return the 42% Savings Certificate On page 23.

Your Digestive Tract Isn't "Clean" So Gas Is Created

Undigested Food Builds Up

Because you don't have enough good bacteria and enzymes to quickly digest your food, it remains an undigested, painful lump.

A Gas Bubble Is Created

Gas is created because the bad bacteria gives off carbon dioxide, methane gas and hydrogen while eating the lumps of undigested food in you.

Bad (Black) Bacteria Eats The Food

When you don't have enough good bacteria to quickly and easily help you digest your food, the bad bacteria takes over, creating gas discharges.

Good (White) Bacteria Is Outnumbered

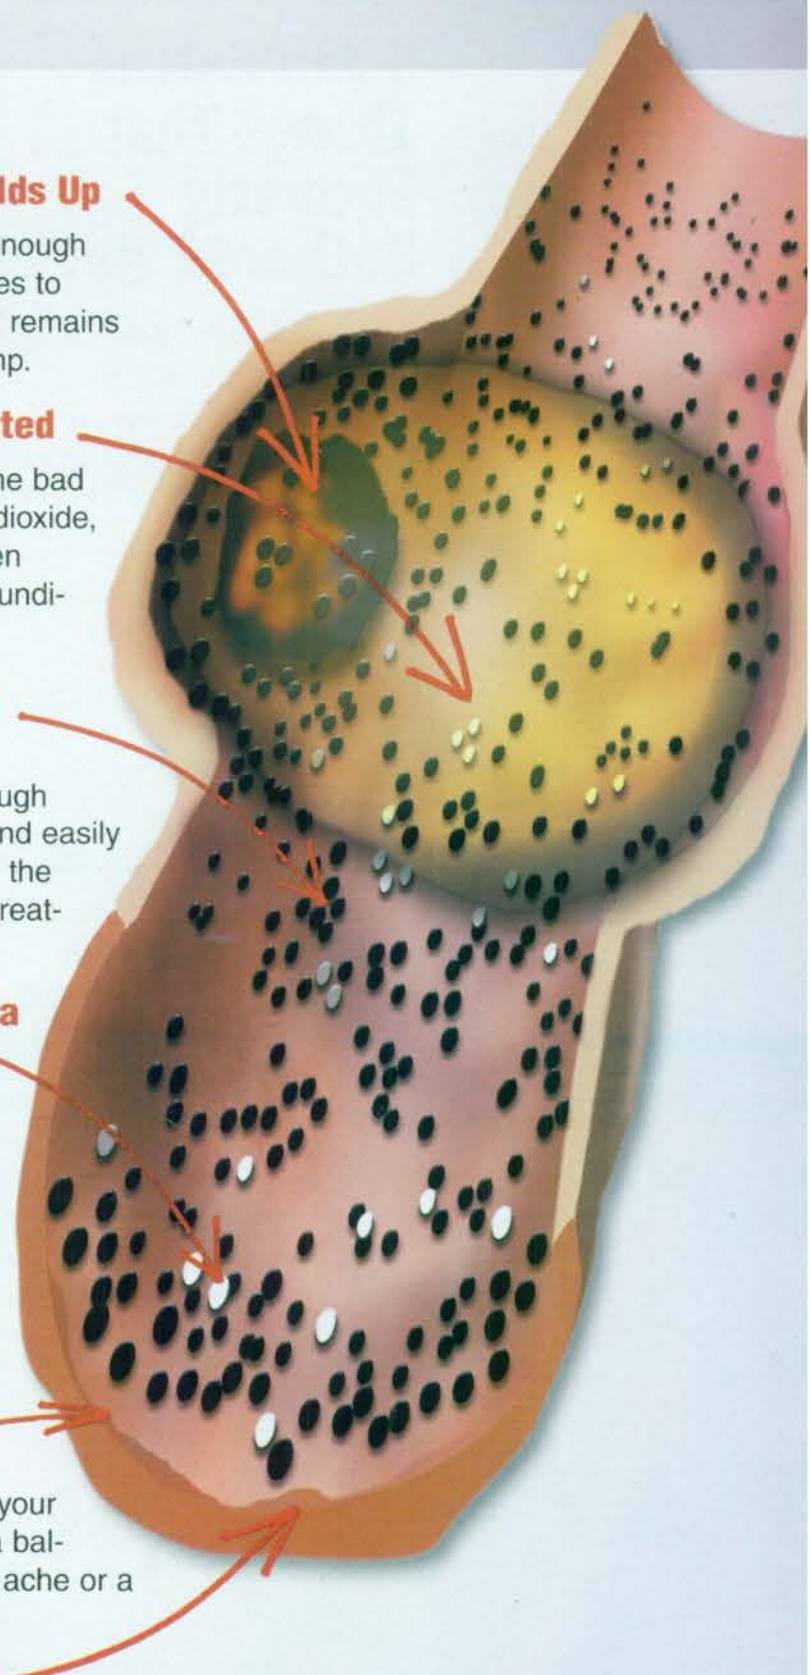

Good bacteria are essential. In addition to making sure your digestive system works like a charm, they eliminate the bad bacteria that produces the gas.

Gas Causes Pain & Discomfort

Gas causes a swelling in your system—like blowing up a balloon. It can feel like a dull ache or a sudden sharp jabbing.

The Gas Is Expelled

It causes more discomfort as it travels through your system, crowding everything else out along the way. Finally it's discharged.

Imagine Eating Your Favorite Foods Without Worrying About Gas, Bloating, Bathroom Visits & Discomfort! Look at These Folks...

Aren't You Tired of "You Can't Eat This,"—"You Can't Eat That!" You Can Help Yourself the Way These Folks Did With Flora Source™. They're Digging in and Enjoying Their Favorite Foods!

"I Am Eating Things That Formerly Bothered Me!"

"My problem has been bacterial overgrowth of the small intestines. I experience weakness, food allergies, bloating, immune system dysfunction and sleep abnormalities. In the sixteen years, I have tried close to 200 different remedies without success."

"Flora Source" has been the most beneficial product yet. I am eating things that formerly bothered me. My bloating has all but disappeared." S. Pearson, New York

"I Can Now Eat Pizza With Extra Cheese!"

J. Moorehead of Illinois had diverticulitis and had to be extremely careful about what he could eat. Then he tried Flora Source™...

"I take one Flora Source™ every day and since I started taking Flora Source™ I've not had a problem. I now can eat pizza with extra cheese, peanuts (chew and chew!), strawberries, kiwi fruit, and whatever I want."

"I Had a BIG Grilled Steak For The First Time In 15 Years..."

"I had acid reflux real, real bad. I took Flora Source™ like you said...Nothing came back on me. Ever since then I can eat anything. On my birthday we went out and I had a BIG grilled steak for the first time in 15 years. Flora Source™ is wonderful. I really feel it saved my life." M. Weldon, TN

"We Can Eat Anything Without Distress!"

"My husband and I have had no gastrointestinal problems since using Flora Source™. We can eat anything without distress." V. Lekovich, N.J.

"I Was Able To Eat Chili For The First Time In 30 Years!"

"Within 3 days after starting on 2 capsules a day, the diarrhea stopped and less than a week later the pain was entirely gone. I was able to eat chili for the first time in 30 years. My doctor said never stop taking it." E.R. Rea

"I Can Now Eat Dairy Foods Without Misery!"

"For most of my adult life I have been lactose intolerant. With a few days of taking Flora Source™, I began 'testing' cheese and other dairy foods without misery. Everyone can benefit from Flora Source™. I recommend it." S. Foraker, NY

"Stop Denying Yourself!"

"ENOUGH IS ENOUGH! Enjoy The Foods You Love!"

"Here Are 8 Reasons Why I Guarantee That Flora Source™ Will Help You No Matter How Chronic Your Condition, How Long You've Had It Or How Old You Are!"

1

It Protects You In An Amazing New Way:

14 out of 16 strains are high-adhering probiotic cultures. This means that they naturally stick to your cells in the mucosal linings and protect against unwanted invaders. Not all cultures are high adhering and highly protective!

2

It Has More 7 1/2 Times More Cultures Than Others:

Competitors have 2, maybe 3 different cultures. That's not enough to achieve normal microflora balance. We have 16 different cultures that are selected by Sedona Labs microbiologists for their specific effectiveness in intestinal, vaginal, urinary tract and immune balance.

3

It's Powerful. We Have 15 BILLION Cells Per Capsule.

Our leading competitor has 1 billion per capsule. That's not enough to achieve a healthy flora balance. Ours has 15 billion cells per capsule. *In sum:* not only do we have more cultures (16 vs. 2) we have more cells in each capsule!

4

Our Product Is Patented It's So Unique:

Certain key processing techniques are so astoundingly effective, we've patented them. Who else can say that!

5

No Refrigeration Is Needed:

Unlike others, ours does not have to be refrigerated to maintain its strength.

6

Your Stomach Acid & Bile Won't Destroy The Probiotic Cultures:

All 16 cultures resist acid and bile in your stomach so the good bacteria can get to where it's needed—your intestinal, urinary, and vaginal tract and your immune system cells.

7

Our 16 Cultures Are Selected Because They Work Together:

All 16 cultures have been selected by our trained microbiologists to work together for maximum effectiveness—just like they do in your body when it's 100% healthy.

8

Flora Source™ is 100% Safe and 100% Dairy Free:

Flora Source™ has proven to be absolutely safe. It's been used for the last 19 years successfully.

Most People Are Shocked At The Number of Health Nightmares They Could Get—Here Are 37!

IMPORTANT! Your digestive system delivers key nutrients from your food to your entire body. If your digestive system isn't working 100%, then your organs, blood, cells, nerves and muscles will not get the nutrition they need to keep you healthy. Bad digestion does *not* end with gas or bloating. It can contribute to serious illness. That's why taking Flora Source™ is so important for your *entire* health.

CONSTIPATION Finally Beaten

"I have tried your Flora Source™ and it was the answer to my prayers. I had been having many problems with constipation but no longer, thanks to Flora Source™. **I never want to be without it.**" L. Holt, PA

BOWEL MOVEMENTS Better

"After taking Flora Source™ I just feel so much better I may not take my prescription medications like Previset anymore. I just couldn't believe that I had a normal bowel movement for the first time in years. **Even my doctor noticed how much better I was doing!**" C. Warren, KS

CONSTIPATION Is Gone

"I have been having bowel problems, especially constipation. Since I've been taking Flora Source™ regularly two at night and one in the morning I don't have constipation and I don't take anything else. **Flora Source™ has helped me. I prefer it over other types.**" J. Bingham, MO

IRRITATED BOWEL Vanishes

"Flora Source™ totally eradicated my wife's IBS. **It's been truly a miracle.** Before, ten minutes after she'd eat, she'd go straight to the bathroom and pass only water. She took Flora Source™ and after one month she's been fine ever since." K. Mongere, TX

JOINT PAIN Is Helped

"I think it's the greatest product on the planet today. I took it and within 10 days my bowels were fine and have been ever since. Flora Source™ helped my arthritis. It helped everything. I tell all my friends about it." B. Foley, IN

DIARRHEA Disappears

"I've had diarrhea for at least 15 years and nothing I've tried has worked. I'd taken a lot of antibiotics and I tried taking yogurt but nothing happened. **Flora Source™ has stopped my diarrhea.**" G. Caswell, OH

USA TODAY SAYS:

**"Most People Who Eat
 The Standard Diet Have
 5 to 10 Pounds Of
 Fecal Matter Stored
 In Their Colons..."**

**You'll NEVER
 Get Well With An
 Encrusted Colon**

Her Patients' Results: They Haven't Been Bothered By It's Really An Effective Formula!"

Long You've Had It—Or How Old You Are—OR IT'S YOURS FREE!

Mouth Sores Are History

"I suffered from mouth ulcers for years. I have used everything. They are very painful. I started taking Flora Source™ and in 4 days they went away. As long as I take Flora Source™ the don't come back. I want other people to know—Flora Source™ really works." R. Curry, TX

CANDIDA Goes Away

"I had a big candida infection and nothing worked on it. I took 4 Flora Source™ a day and the candida infection is gone." M. Higgins, PA

BLACK TOE Is Better

"Flora Source™ really has helped me a lot. A few of my toes had turned black halfway. Since I have been taking Flora Source™ toes are not black. I think Flora Source™ is God sent." A. Robertson, GA

IRREGULARITY Ends

"I've been taken Flora Source™ for two weeks now and it is so wonderful to feel good again and to have no irregularity any more. Within five days I was having daily movements and feeling really good about myself again." P. M. Fields, MO

ACID REFLUX Is Fixed

"I had acid reflux and nothing helped. My son had it too. We started taking Flora Source™ and it was helpful right away. I haven't had a problem since taking Flora Source™." R. Santos, NV

DIGESTIVE PROBLEMS Solved

"I've had digestive problems for 40 years: indigestion, stomach pain, nausea. No matter what I did, my intestinal tract just didn't seem right. Then I found Flora Source™ and started taking it. Within a week, there was no nausea, my stomach wasn't sore." J. Haynes, CA

"Flora Source™ Is All That I Have To Give Them..." It's a Breakthrough For This Doctor's Patients!

Dr. Suzanne Soehner has been using Flora Source™ routinely in her practice, especially for digestive problems and candidiasis. She says her approach is to recommend one thing at a time. That gives her a good handle on the effectiveness of the treatment. When she recommended Flora Source™, it was a MAJOR BREAKTHROUGH. She says...

"...Flora Source™ is all that I have to give them. I see a lot of this in my practice resulting from antibiotics, stress and poor eating habits," says Dr. Soehner. Most frequently the patients will have immune system problems, chronic constipation, bloating after eating, food sensitivities, fatigue and perhaps diarrhea."

Breaking News! A Leading Independent Laboratory Testing Company Reveals 32% Of Probiotic Products Are Almost Useless. They're Caught...

This Is Why Using Flora Source™ Is SO Critically Important. ConsumerLab Is a Nationally-Respected, Independent Testing Company That Buys Products Off The Shelf And Tests Them For Effectiveness. What They Found Was Appalling...

"It Is Quite Likely That Products That Were Low In Bacteria May Not Work." ConsumerLab

ConsumerLab bought 25 probiotic products. Of these, eight products claimed to have between 1 billion and 6 billion live cells per daily serving. Thirteen other products said that they a count as high as 60 billion.

Jaws Dropped When The Test Results Came Back!

Out of the 25 products they tested, 8 of them were simply not what they said they were. In other words, good luck if you're taking them. That works out to be a staggeringly high 32% being close to worthless. And of this 32%, most of them only a *few thousand* live cells. Let me put that figure in perspective.

Clinical studies have shown that even products with tens of *millions* of cells can be useless. So when we're talking about a few thousands...it's a cruel joke. They will be NOTHING for you—and that's guaranteed. Please compare this to Flora Source with 15 billion cells per capsule.

For 19 Years, Flora Source™ Has RANKED #1. It's The MOST EFFECTIVE Probiotic In America!

Doctors use it for their patients with remarkable success. They now regularly include it as part of their recommendations. The key reason is that Flora Source™ really works. Other products don't have enough live cells to restore the critical balance between friendly and harmful bacteria in your digestive tract. How can they...

One Billion VS. 15 BILLION—We WIN! That Means You Win, Too

Our leading competitor has only one billion cells per capsule. That's not enough to restore this balance. Flora Source™ has a whopping 15 billion cells per capsule—15 times MORE!

Please Don't Take Risks When You Don't Have To!

Some people eat yogurt and think that they'll be fine. Others rely on other probiotic brands without really knowing the scientific facts behind these products. That's not enough. When the tests were done by ConsumerLab, it was stunning. Imagine relying on a brand, only to find out that it was never effective. That's just not fair. Flora Source™ has earned its reputation over 19 years for one simple reason: *it really works.*

If You Think Taking Vitamins Or a "Good Diet" Is Enough, You're Making a Big Mistake!

Here's the point. If your colon is encrusted or even if you have mild bowel problems, your body is NOT absorbing the vitamins and nutrients from the food you eat—no matter how good it is. I don't care if you're downing them by the fistful, they're not being absorbed.

Doctors verify that you will get ill if your system is deprived of them. Not only that, your digestive enzymes will be thrown off, making your problem worse. You've heard the phrase that all health starts in the colon? This is what they mean when they say it.

Flora Source™ is Made in Our FDA Registered Facility. Our Quality Is The **BEST IN AMERICA—#1**

Flora Source™ works the best because its ingredients and manufacturing process is the best. To make sure you have the finest product available, independent testing labs review our products for potency, purity and stability. We don't stop there!

We Meet The High Standards Set By The Federal Government

Nutri-Health is an FDA-registered facility. This means that we have to meet the strict standards they have. We meet these standards because we knew that it would make Flora Source™ #1—and we were right.

The competition does NOT meet these same standards! We have also earned State and Federal approvals. Nutri-Health is certified by the Department of Commerce and Agriculture for International distribution.

Our Potency and Purity is Truly Remarkable

"Doctors Recommend America's #1 Natural Remedy For Solving Any Digestive Disorder—Sometimes In 3 Days Or Sooner, It's So Effective!"

The Meals You Eat on Wednesday are Still in Your Digestive Tract on Saturday!

IN THIS ISSUE

Great News From The Editor's Desk:

Doctors say that there are 8 undigested meals in your colon right now. Unless you do something, fungus, yeast, mucus and parasites can quietly grow. What's the answer?

For 19 years, #1 ranked Flora Source™ has been the most effective digestive remedy in America. *Doctors recommend it.* It works for you no matter how bad your problem is, how long you've had it—or how old you are—OR IT'S FREE!

Doctor-Approved FLORA SOURCE™ Helps You Beat:

- Gas & Bloating
- Irritated Bowel
- Constipation
- Nervous Stomach
- Chronic Tiredness
- Poor Digestion
- Leaky Gut
- Aching All Over
- Allergies
- Diarrhea
