Recently, Medical Doctor and alternative medicine expert Dr. Liza Leal, revealed a simple secret that amazed millions who suffer with digestion nightmares. And people haven't stopped talking about it since.

“I'd give anything to make it stop!”

That's what most people will tell you when asked about their digestive problems. “It's just horrible says Ralph Burns, a former digestion victim. I was tortured for years by my Acid Reflux. Sometimes I'd almost pass out from the pain. My wife suffers with digestion problems too. If she eats one wrong thing, she spends hours stuck in the bathroom dealing with severe bouts of constipation or diarrhea.”

FDA Warns About Popular Antacids

A recent FDA warning explained that excessive use of antacids could lead to an increased risk of hip, wrist, and spine fractures. Especially in people over the age of 50.

So when Dr. Liza Leal discussed an alternative to her clinic, you can imagine how thrilled people were to find out they could finally get relief without having to rely on *Prevacid*®, *Nexium*®, *Prilosec*® and other dangerous antacids. But now, according to Dr. Leal, your stomach problems could be over by simply drinking a small amount of a tasty Aloe Vera extract. It's as simple as that!

Finally There's Hope...

At first, the thought of drinking aloe vera might make some people back away. But in fact, this delicious “digestion cocktail” is doing amazing things for people who suffer with stomach problems --- even if they've had them for years. Here's how it works...

Stop Stomach Agony

Your stomach naturally produces acid so strong, it can dissolve an aluminum spoon in just 30 minutes! And when excess acid escapes into your esophagus, throat and stomach lining, it unleashes the scorching pain of acid reflux, heartburn, ulcers and more misery. Add the problems of stress, and “all hell breaks loose.”

Dr. Leal, explains... “The *AloeCure*® can work genuine miracles. It buffers high acid levels with amazing speed. So your stomach feels completely at ease just moments after drinking it.” In fact, it could wipe out stomach pain, discomfort, and frantic runs to the bathroom.

Until Now, Little Could Be Done...

But “*AloeCure*® can help virtually anyone. Even people with chronic stomach pain can feel better right away,” says Dr. Leal. And what's really exciting is *AloeCure*® aids in keeping your digestive tract healthy, so intestinal distress stops coming back.

Digestion Defender #1: Balances Stomach Acid

Your first line of defense is calcium malate. This natural acid buffer instantly sends stomach acid levels plunging. And holds acid levels down so they don't return!

Digestion Defender #2: Instant, Soothing Relief

AloeCure® is brimming with polysaccharides, a “wonder” compound that gently coats the throat, esophagus and stomach, carrying instant relief to cells scorched by excess acid.

Real Customer Testimonial:

For the better part of my life I purposely avoided a lot of foods. Especially ones with even a tiny bit of seasoning. Because

if I didn't, I'd experience a burning sensation through my esophagus- like somebody poured hot lead or battery acid down my throat. Add to that those disgusting “mini-throw ups” and I was in “indigestion hell”.

Doctors put me on all sorts of antacid remedies. But nothing worked. Or if they did, it would only be for a brief period. And then boom! My nightmare would return.

Then one day at dinner, a friend of mine said, “Why don't you try an aloe drink?” I said, “Aloe drink? Jeez. That doesn't sound good at all!” The next day he brought me a case of something called *AloeCure*®.

I was shocked! *AloeCure*® tasted pretty good too. It has a pleasant grape flavor that I actually enjoy drinking. I decided to experiment. I stopped taking the PPIs altogether and replaced it with a daily diet of *AloeCure*®. Then something remarkable happened - NOTHING! Not even the slightest hint of indigestion.

And here's the best part. The next day we had Italian food - my worst enemy. But for the first time in 40 years I didn't need pills or tablets to avoid indigestion. Thank you *AloeCure*®!
