Dr. Henning Ansorg, MD

Henning Ansorg, MD, has been on the forefront of integrative medicine for nearly 25 years.

Unlike traditional, allopathic medicine, integrative medicine is designed to treat the whole person, not just the disease.

A guiding principle within integrative medicine is to use the best-of-the-best alternative therapies that have high-quality evidence to support their effectiveness.

Dr. Ansorg is board-certified in both Germany and the United States. He is also trained in acupuncture, neural therapy and other naturopathic therapies.

He is currently in private practice at Choices Integrative Healthcare of Sedona – one of the foremost integrative clinics in the country.

*Are you tired
of hearing...*

MY FISH OIL IS BETTER THAN YOUR FISH OIL?

Some doctors argue that
krill oil is the best source
of Omega-3s on the planet.

Others say only take squid oil.

Still others swear by
green-lipped mussel oil.

But all those doctors
are missing the point.

**You need more than
Omega-rich EPA oil
to insure heart health.**

If you want to enjoy the highest
standard of heart & brain health
for the rest of your life, then you'll
want to get the truth about exactly
what you need to combine with
ultra-pure fish oil to get maximum
heart & brain benefit now!

Introducing Omega Max™

*featuring the purest North Sea
Anchovies & Sardine Oil*

**Recommended by doctors in
Europe and the United States**

For the first time ever, the highest-quality fish oil from anchovies and sardines found in the North Sea has been combined with the finest bioflavonoid, antioxidants, CoQ10 and resveratrol to reduce inflammation and cholesterol, promote circulation and increase presence of nitric oxide – which is the miracle nutrient required for optimum blood flow through the arteries.

**RESULT: THE FIRST FISH OIL SUPPLEMENT THAT
ATTACKS THE ROOT CAUSE OF HEART DISEASE...**

Plus, Omega Max can help...

- **REDUCE** chronic arterial inflammation...
- **RECHARGE** your brain with non-stop mental alertness...
- **RELIEVE** pain in your muscles & joints...
- **REGAIN** the energy you thought you'd lost forever and so much more...

**RESULT: THE FIRST ULTRA-PURE SARDINE/ANCHOVY
FISH SUPPLEMENT THAT LETS YOU STOP TAKING FIVE
INDIVIDUAL SUPPLEMENTS, SO YOU COULD EASILY
SAVE \$95.85 A MONTH OR A WHOPPING \$1,150.20 A YEAR!**

Big savings with OMEGA MAX are just the start of why you'll want to switch to this ultra-pure EPA/DHA, doctor-recommended and approved sardine/anchovy formula now...

THE DIRTY LITTLE SECRET:

NOT ALL FISH OIL IS CREATED EQUAL. *NOT EVEN CLOSE!*

OVER 10 YEARS AGO,
THE FDA ISSUED A STATEMENT
ABOUT THE DANGERS OF
BIOMAGNIFICATION

NEVER HEARD OF IT?

**BIOMAGNIFICATION IS WHY YOU
MUST AVOID TAKING FISH OIL
EXTRACTED FROM LARGE OCEAN FISH**

HERE'S THE "DIRTY-LITTLE-SECRET"...

In 2001, the FDA first announced that pregnant women should avoid eating certain species of ocean fish because of the presence of methyl mercury, a substance that can harm the nervous system of a developing baby.

The fish to be avoided were shark, swordfish, king mackerel, and tilefish.

Since then, it's been shown that predatory fish that eat other fish can have cumulative mercury levels that are much higher than smaller fish that have relatively short life spans.

This higher concentration of mercury in bigger fish is accomplished through a process called "biomagnification."

**THE HIGHER UP THE FOOD CHAIN
A FISH IS, THE MORE TOXIC JUNK IT'S
BODY AND LIVER WILL CONTAIN.**

In 2001, the FDA did not recommend avoiding all fish, as there are many nutritional benefits of fish consumption, but suggested women eat other types of seafood, such as smaller ocean fish.

**MERCURY LEVELS MAY BE
A MILLION TIMES HIGHER
IN PREDATORY FISH!**

The problem is this: even with today's sophisticated distillation methods, it's impossible to guarantee that fish oil from large ocean fish is 100% free of mercury and other heavy metal contaminants. Why? Because methyl mercury, in particular, gets trapped in the cells of the fish's muscles at the molecular level. In fact...

The top predators in the food chain may have mercury and heavy metal levels that are a million times higher than what's found in smaller fish like sardines and anchovies.

*Dr. Henning Ansorg,
What Makes
Omega Max
So Good for
my Heart?*

**“It's the first and only
fish oil formula that lowers
INFLAMMATION –
the real cause of heart
disease & brain aging.”**

The latest thinking about heart disease and accelerated brain aging is that it's caused by inflammation – which is caused by a number of factors, but none more prominent than the insulin spikes that are the direct result of a sugar-rich diet.

Bacteria, viruses, fungi and toxins can trigger inflammation in the blood and so can insulin spikes from junk calories that oxidize or rust the LDL cholesterol already present from a diet that's abundant in saturated fats.

What OMEGA MAX does that no other formula does is this:

It offers you a unique proprietary blend of five proven, powerhouse ingredients – including the highest quality sardine/anchovy fish oil – that work together to help lower inflammation in your arterial walls, in the intricate network of blood vessels in your brain, and throughout your entire body.

What's the common threat in all heart disease?

- High animal fat diet?
- High blood pressure?
- High cholesterol levels?
- High stress levels?

If you want to discover the true cause of heart disease and brain aging and how to avoid both at the same time, read on...

What research shows in nearly everyone with heart disease is excess, cross-linked fibrin. Fibrin is a protein that forms in the blood in response to inflammation.

We hear a lot about how saturated fats increase LDL cholesterol and plaque build up inside the vascular walls. And it's true that excess animal protein can act this way, but plaque is only one piece of the puzzle.

Blood thickness is also a result of excess fibrin.

What is that?

Excess, cross-linked fibrin is what they find in nearly everyone with heart disease. Fibrin is a protein that forms in the blood in response to high blood sugar.

With its combination of the purest North Sea fish oil made from sardines and anchovies, bioflavonoids and antioxidants, OMEGA MAX™ is specially formulated to help lower fibrin levels and keep them low – while you start to shift away from sugar-enriched foods.

New 2012 study in *Neurology* reveals
the 5-second solution to staying
**Memory-Sharp
FOR LIFE!**

Dementia & Alzheimer's is the #1 health fear among the 77 million baby boomers, but not for you, not now, NOT EVER!

Do you value problem solving, multi-tasking and abstract thinking...

Would you just as soon stay completely free of dementia and memory loss...

Do you want to help avoid brain aging?

If you answered a resounding "YES," then you'll certainly want to try OMEGA MAX – risk free – today. Here's why...

A new study published in the February 28, 2012 issue of the journal *Neurology* reported...

People with diets short on omega-3 fatty acids – the kind found in the highest-quality fish oil – were more likely to experience accelerated brain aging. **NOT WHAT YOU WANT NOW OR EVER.**

Dr. Zaldy S. Tan, a member of the UCLA Easton Center for Alzheimer's Disease Research in the Department of Neurology, compared blood levels of two nutrients in Omega-3 fatty acids with MRI brain scans and cognitive tests.

They found people who scored lower on such mental tests as problem solving, multi-tasking and abstract thinking were Omega-3 deficient. Plus, the MRIs of the Omega-3 deficient group showed tiny lesions in the brain, raising the risk for death, stroke and dementia.

**OMEGA MAX CAN HELP KEEP
YOUR MEMORY SHARP**

OMEGA MAX was specifically formulated – with the highest grade DHA sardine/anchovy oil, CoQ10, resveratrol, quercetin and bilberry – to lower inflammation throughout the intricate network of vessels that comprise one third of the brain.

**INCREASES BLOOD FLOW TO THE
BRAIN & REDUCES BRAIN INFLAMMATION**

"This is an important new finding that supports Omega-3 for brain health and brain size," said Dr. Majid Fotuhi, chairman of the Neurology Institute for Brain Health at Johns Hopkins University School of Medicine.

Dr. Fotuhi recommends his patients get 1,000 mg per day of DHA, a nutrient that increases blood flow in the brain, reduces inflammation in the brain, heart and elsewhere, and reduces the toxic aggregation of amyloid plaque in the brain.

If you want to keep your brain free of plaque, free of inflammation and free of dementia, you owe it to yourself and your loved ones to try OMEGA MAX – RISK FREE!

No matter what your diet is...
No matter how much exercise you get...
No matter what your current physical condition...

Here's the easy way to avoid HEART DISEASE & ACCELERATED BRAIN AGING FOR LIFE...

The key to avoiding heart disease and premature brain aging is INSULIN CONTROL.

- NOT counting calories.
- NOT running marathons.
- NOT cholesterol.

You can achieve insulin control only through balancing proteins, fats and carbohydrates at each meal. Only then can you maintain stable blood sugar levels until your next meal.

If you balance your blood sugar and reduce your body's need for insulin, you remove the primary cause of inflammation – not just in your heart, not just in your brain, but throughout your body.

While you are reducing the consumption of simple carbohydrates and reducing your body's needs for insulin, OMEGA MAX goes to work IMMEDIATELY to help reduce fibrin levels in the blood and reduce sticky or gummy inflammation road-blocks found in your arteries and in the vast network of brain vessels.

Would you rather NEVER go under the knife?

When coronary bypass surgery was first done in the 1960s, it seemed as if this "miracle of modern medicine" would save the lives of millions of people. But as dozens of studies have shown, bypass surgery should be passed by or considered only as the option of last resort.

Despite costing up to \$200,000, bypass surgery is one of the most preferred (and profitable) surgical procedures in America. But the facts suggest that it's a dangerous procedure with a hazardous track record. Just consider that...

- **UP TO 50% OF SURGERIES FAIL**, requiring another bypass to restore adequate coronary blood flow.
- **UP TO 42% OF THE 600,000 AMERICANS** who have coronary bypasses each year can expect to have diminished mental capacity...
- **UP TO 4% OF PATIENTS** die on the table...
- **UP TO 5%** suffer from a surgery-related stroke, due to the temporary shortage of oxygen to the brain...
- **WORST OF ALL...** medications and surgeries do not address the most critical component of heart disease: **INFLAMMATION!**

But now, at long last there is OMEGA MAX™

It's the first and only supplement that attacks inflammation which is the root cause of heart disease and brain aging.

OMEGA MAX was formulated by Dr. Henning Ansorg to help reduce arterial inflammation, lower triglyceride fats, reduce LDL cholesterol and keep your blood pressure within normal ranges. When combined with a balanced diet, daily exercise, and other smart lifestyle choices, OMEGA MAX will help keep you out of the heart surgeon's office.

There's never been another single supplement that offers you so much heart protection and total body rejuvenation for so very little.

Shocking news: HOW SAFE IS KRILL AND SQUID OIL?

You decide after reading this...

Lots of companies promote the higher EPA and DHA levels of krill oil and squid oil (and they will even claim that krill oil is 48 times more powerful than fish oil) but what they won't tell you is that those oils are not even regularly tested for heavy metal contamination.

In fact, the AOAC (Association of Official Agricultural Chemists) has NO detection standards established for krill and squid oil.

Due to the scientifically-documented process of "biomagnification," the only fish oil that is used exclusively by the top clinics in Europe and the U.S. is that pharmaceutical-grade oil extracted from sardines and anchovies.

OMEGA MAX™ contains only the highest quality sardine and anchovy fish oil from the deep, unpolluted waters of the North Sea. This oil is regularly tested (using AOAC international protocols) for freshness, purity and potency by an independent, FDA-registered laboratory and has been determined to be free of detectable levels of mercury, cadmium, lead, PCBs and 28 other contaminants.

Tell me it ain't so, Joe...

**NO INTERNATIONAL STANDARDS EXIST
FOR TESTING KRILL & SQUID OIL!**

The AOAC is the world's foremost non-profit scientific association established to evaluate the safety of foods, beverages and dietary supplements. It publishes industry-standard, chemical analysis methods to increase confidence about one thing: QUALITY.

The AOAC has no methods and no standards they use to evaluate the safety of krill and squid oil.

Which means simply this: There are no oversight chemical tests currently being done for krill and squid oil that use AOAC international protocols because none exist.

Higher potency...Highest quality...Best Value

OMEGA MAX™ OFFERS YOU
**CoQ10 that's 200%
MORE BIOAVAILABLE
than any other soft gel!**

Thanks to an innovative new scientific method, longevity scientists have discovered a way to unlock and unleash the full spectrum of health benefits associated with CoQ10.

**OMEGA MAX FEATURES
HIGH-ABSORPTION CoQ10!**

That's because most other formulas "re-crystallize" after the manufacturing process. Some companies try to get around this by adding chemical and natural solvents. Unfortunately, the solvents themselves prevent absorption.

Until now, even the best CoQ10 soft gels on the market have an absorption rate of only 4 to 5% (most powder formulas are less than 3%) At a full 8% absorption rate, the CoQ10 in OMEGA MAX offers you TWICE the absorption of other soft gels. There's nothing else like it.

WHYYOU NEED OUR CoQ EVERY DAY

Hundreds of studies conducted around the world over the last thirty years support the conclusion that CoQ10, as found in its most bioavailable, liquid soft gel form in OMEGA MAX, can help you...

- **STAVE OFF** hardening of the arteries by discouraging the build-up of plaque
- **RELAX** blood vessels which helps lower blood pressure
- **INHIBIT** blood clot formation
- **LOWER LDL** cholesterol levels

Heart disease patents are commonly CoQ10 deficient. Correcting such deficiencies routinely produces amazing results in a very short time.

The only heart-smart formula that helps **AGE-PROOF** **YOUR ENTIRE BODY...**

No one has ever combined the highest quality sardine/anchovy oil from the unpolluted waters of the North Sea with the most bioavailable form of CoQ10, but that's just for starters...

Next, Dr. Ansorg added 3 other anti-aging, anti-inflammatory superstars, offering you the first and only formula of its kind with over 20 age-proofing benefits...

OMEGA MAX isn't just superior to other fish oils and it isn't just TWICE as good as any other soft gel CoQ10.

It's superior to any other heart formula on the market because it's the only one that attacks inflammation – the root cause of heart disease and accelerated brain aging.

Here's how it can age-proof your body with 3 pro-longevity factors you won't find in any other fish oil formula...

Dr. Ansorg started with the ultra high DHA and EPA sardine and anchovy oil... combined it with the highest potency liquid CoQ10.

Available nowhere else. Not sold in stores.

Then he added...

Age-Proofing Superstar #1: **95% TRANS-RESVERATROL**

One of the proven secrets to cellular rejuvenation lies with 95% trans-resveratrol, the active form of resveratrol. In this pure, ultra-beneficial, 200mg form, trans-resveratrol has been proven in studies to activate the SIRT1 longevity gene and enhance cellular productivity.

Age-Proofing Superstar #2: **QUERCETIN**

According to the University of Maryland Medical Center, quercetin, a widely-studied bioflavonoid, acts like the anti-inflammatory, ibuprofen (without any of the side effects). Plus, quercetin improves oxygen capacity, stimulates the energy processors of the cell, the mitochondria, boosts the immune system, and scavenges for free radicals in the blood.

Age-Proofing Superstar #3: **BILBERRY**

Bilberry is just for vision support, right? NOT SO FAST. New research studies have shown that the anthocyanidins found in the deep purple bilberry fruit help reduce blood pressure, inhibit clot formation and enhance blood supply to the nervous system. Other studies report that anthocyanidins provide up to 50 times the antioxidant protection of vitamin E and 10 times the protection of vitamin C.

20 Ways **each Omega Max** **soft gel age-proofs** **your body every day...**

- 1 Reduces total body inflammation
- 2 Boosts brain function
- 3 Restores healthy blood pressure
- 4 Reduces triglyceride levels
- 5 Lowers fibrin levels in the blood
- 6 Recharges supply of antioxidants
- 7 Fortifies heart muscle
- 8 Raises HDL "good" cholesterol
- 9 Reduces oxidized LDL cholesterol
- 10 Improves and sustains energy
- 11 Makes blood less sticky and sluggish
- 12 Reduces the chance of plaque rupture
- 13 Reduces arterial wall inflammation
- 14 Reduces threat of blood clots
- 15 Improves oxygen capacity
- 16 Stimulates the mitochondria, the energy centers of your 70 trillion cells
- 17 Strengthens immune response
- 18 Helps "mop up" metabolic waste in blood

How do you pick the right resveratrol for you?

You need to know that the quality of resveratrol-based supplements is not all the same. Many products use only 8%, 20% or 50% pure resveratrol. If the label doesn't list the purity, you don't know what you're getting.

The secret to anti-aging lies with 95% trans-resveratrol – the active form of resveratrol polyphenols found in the skins, seeds and stems of red wine grapes.

95% trans-resveratrol remains active only when sheltered from the sun, light and oxygen. In this pure, ultra beneficial form, trans-resveratrol has been proven in studies to inhibit pro-inflammatory enzymes such as COX-1 and COX-2.

95% trans-resveratrol also provides anti-oxidant protection, boosts cellular energy, lowers arterial inflammation, and balances the immune system.

The One Food Ingredient You Must Avoid Like The Plague!

The Japanese, whose cholesterol levels are high, did not experience higher rates of heart disease until they started consuming sugar-saturated foods.

The one simple thing that everyone can do for their heart is to avoid HIGH FRUCTOSE CORN SYRUP.

Unfortunately, this is not easy to do because high fructose syrup is found in 70% of everything sold at an American supermarket including breads, cereals, breakfast bars, applesauce, yogurts, soups, juice drinks, soft drinks and condiments.

THE AVERAGE AMERICAN CONSUMES NEARLY 40 POUNDS OF HIGH FRUCTOSE CORN SYRUP EVERY YEAR. This consumption is directly linked to insulin resistance, diabetes, obesity and heart disease.

Want to Clobber LDL Cholesterol?

Lots of other doctors will tell you FISH OIL ALONE CAN ZAP LDL, BUT THEY ARE OUT TO SEA...

Despite all of the amazing benefits of ultra-pure sardine/anchovy oil, the one thing no fish oil can do is lower LDL cholesterol (bad cholesterol) and raise your HDL (good cholesterol).

Lots of companies and doctors will tell you otherwise, but they are simply not telling you the truth. But not to worry...

OMEGA MAX™ can help clobber excess LDL cholesterol. How?

Through its amazing trio of antioxidants – resveratrol, quercetin and bilberry – OMEGA MAX can help break up cholesterol sludge FAST – so that your heart stays clear of excess LDL cholesterol that can sometimes block blood flow!

LDL cholesterol is NOT even close to being the biggest culprit in heart disease, but it can play a role in preventing clear blood flow.

So, OMEGA MAX can help break up the sludge so your blood moves more easily through your arteries.

1 OUT OF 3 ADULTS have high blood pressure... but not you – not after you start using OMEGA MAX™!

Low Blood Pressure Secret #1:

*Ultra-pure, no-burp, sardine/anchovy
fish oil from the deep, unpolluted waters of the North Sea.*

Through hundreds of studies, it's been shown that the combination of EPA and DHA fatty acids, found in sardine/anchovy oil, can help lower blood pressure. How? By helping to thin the blood and lower the cross-linked fibrin levels in the blood.

You might be tempted to use krill or squid oil because of outrageous DHA claims but buyer beware: there are NO testing standards for heavy metals that are applied to these two oils. NONE! ZIPPO! ZILCH!

Only fish oil extracted from sardines and anchovies has been shown to have the least exposure to heavy metal contamination –which is why it's the preferred fish oil for doctors throughout Germany (the European leader in alternative health practices) and the United States.

And then our sardine/anchovy oil is processed using the most advanced molecular distillation methods so it's free of any detectable levels of contaminants.

Low Blood Pressure Secret #2:

*CoQ10 – the ultimate circulation energizer –
TWICE as potent as any other soft gel!*

When you're young, your blood vessels stretch to accommodate changes in blood pressure, but as you age, the springy tissue in your vessels breaks down and is replaced with scar tissue, cross-linked fibrin, metabolic waste, LDL cholesterol, plaque and inflammation patches.

The CoQ10 in OMEGA MAX helps to improve the energy production in the mitochondria which in turn improves arterial circulation and helps to lower blood pressure.

Available nowhere else. Not sold in stores.

For the first time ever, get BOTH low blood pressure secrets in ONE powerhouse soft gel!

...What's more, you get 3 more amazingly-powerful pro-longevity health-changing agents, all in one formula, at a price nearly anyone can afford when you consider the staggering costs associated with heart disease.

If you want to keep your blood young by...

- **INCREASING** blood flow
- **RELAXING** blood vessels
- **CLEARING OUT** metabolic waste
- **REDUCING** arterial inflammation and
- **IMPROVING** your overall circulatory system

SUPERIOR CIRCULATION IS THE *ONLY* FOUNDATION FOR LIFELONG HEALTH...

OMEGA MAX™ SUPPORTS SUPERIOR CIRCULATION IN SIX SUPER-FAST WAYS...

FAST OMEGA MAX BENEFIT #1

OMEGA MAX can help keep your arteries and blood vessels strong and elastic – which is so important as we age.

When you do this, you'll also grab a second BIG BONUS: You'll add greater elasticity to all your muscles and joints.

FAST OMEGA MAX BENEFIT #2

OMEGA MAX can help support optimal blood FLOW every day!

When your arteries are strong but relaxed, your blood will flow more evenly in the 720 laps around the body it makes each day.

FAST OMEGA MAX BENEFIT #3

OMEGA MAX can help thin the blood.

As we age, blood becomes gummy or sticky with scar tissue, metabolic waste, LDL and cross-linked fibrin. With high levels of DHA and CoQ10, OMEGA MAX can help keep the blood thin and clear.

FAST OMEGA MAX BENEFIT #4

OMEGA MAX can help lower blood pressure.

Once your blood returns to normal blood viscosity (or thickness) it starts to flow more freely. Then, your blood pressure naturally comes down and your energy goes way UP.

FAST OMEGA MAX BENEFIT #5

OMEGA MAX can help keep heart function strong, vital and healthy.

How does it accomplish this? By decreasing your triglyceride levels...by lowering your risk of blood clots...by helping to keep your arteries clear of metabolic debris and by decreasing your risk of arrhythmias (irregular heart rhythms) which can lead to sudden death.

FAST OMEGA MAX BENEFIT #6

OMEGA MAX can help scavenge free radicals which most longevity scientists link to premature aging.

The three star antioxidants found in OMEGA MAX – resveratrol, quercetin and bilberry – all help keep capillary walls strong and flexible.

OMEGA MAX features the #1 anti-aging antioxidant no other fish oil formula offers:

RESVERATROL to the Heart & Brain Rescue!

95% Trans-Resveratrol, a super antioxidant found primarily in grape skins, has been called the “fountain of youth” for good reason: it appears to slow down aging and even increase the lifespan of human cells.

New research suggests this star antioxidant may influence many aspects of your health – including that of your heart and brain.

How can resveratrol boost heart and brain health while it slams the brakes on aging?

- **CHOLESTEROL LOWERING.** 95% Trans-Resveratrol lowers “bad” LDL cholesterol which can build up over time in the lining of the coronary arteries, restricting blood flow.
- **ANTI-INFLAMMATORY.** 95% Trans-Resveratrol helps discourage your body from creating two molecules known to trigger inflammation. It also seems to help lower insulin requirements which is less taxing on your pancreas, your heart, your brain and all your arteries.
- **REDUCES BLOOD CLOTS.** 95% Trans-Resveratrol hinders blood clot formation that can partially or fully block coronary arteries.
- **NEUTRALIZES FREE RADICALS.** As a powerful antioxidant, 95% Trans-Resveratrol deeply penetrates the center of your cell’s nucleus, giving your DNA the time it needs to neutralize free radicals that can damage heart and brain cells.

The only antioxidant that can cross the blood brain barrier

95% Trans-Resveratrol is unique among antioxidants because it can cross the blood-brain barrier to help protect your brain and nervous system.

The latest study by researchers from the Brain, Performance and Nutrition Research Centre at Northumbria University is the first to show that resveratrol has a marked impact on increasing blood flow to your brain.

Best of all, 200mg of the highest-quality 95% Trans-Resveratrol is now found in every dose of OMEGA MAX – so that it can go to work immediately to reduce cholesterol sludge, zap free radicals and lower inflammation in your arterial walls and in the vast blood vessel network called your brain.

Reboot, Recharge, Reclaim ALL THE ENERGY you want, need and deserve!

More than anything else, OMEGA MAX™ will be your secret power plant of no-quit energy!

When you're young, your body produces all the CoQ10 you need, but as you age, your body makes less and less of this vital, life-sustaining nutrient. By 65, you produce LESS THAN HALF the CoQ10 you had than when you were 30.

UNLEASH YOUR FULL ENERGY AND POWER EVERY DAY... WITH NO BURN OUT

The superior CoQ10 in OMEGA MAX will help you unleash the full energy and power of your mitochondria.

Mitochondria are your body's “cellular power plants” because they generate most of a cell's supply of adenosine triphosphate (ATP) used for 95% of all body processes requiring energy.

Mitochondria

If a cell needs a lot of energy, it will have more mitochondria. This explains why heart cells contain so many mitochondria; the continual pumping of blood requires continual ATP production.

WHEN YOU INCREASE CIRCULATION, YOU FIRE UP THE FUEL MOLECULES OF YOUTH

When you increase your ATP production by using our superior CoQ10 found in OMEGA MAX, then you also...

- **IMPROVE** the energy production in your cells...
- **INCREASE** your circulation and
- **FIGHT AGING** by feeding the secret “power plants” of your body.

To compliment the CoQ10 in OMEGA MAX, we included...

THE ULTIMATE ENERGY BATTERY TESTED & PROVEN EFFECTIVE BY THE DEPARTMENT OF DEFENSE

Quercetin may not be a household word, yet, but a study funded by the U.S. Department of Defense found that quercetin boosts endurance and oxygen capacity.

IF IT'S GOOD FOR ATHLETES & SOLDIERS, IT WILL BE GOOD FOR YOU!

Dr. Mark Davis, reported in the *Journal of Sports Nutrition and Exercise Metabolism*, that quercetin has fatigue-fighting and health properties that make it attractive for athletes and soldiers and for average adults who battle daily stress.

MEN AND WOMEN WHO HAD RUN OUT OF GAS ARE NOW RUNNING, BIKING, HIKING AND PLAYING TENNIS!

“The natural properties of quercetin that include powerful antioxidant and anti-inflammatory activity, as well as the ability to increase mitochondria (the powerhouse of the cell) in muscle and brain is great news for those who often think that they're too tired to exercise.” Dr. Davis said.

1. LOW STARCH AND OTHER SIMPLE SUGARS. High blood glucose followed by insulin spikes are inflammatory, so only eat complex plant-based carbohydrates.

2. NO HIGH FRUCTOSE CORN SYRUP. High fructose corn syrup is inflammatory and contributes to the cross-linking of fibrin which contributes to everything from poor digestion to prematurely aged skin.

3. HIGH RATIO OF OMEGA 3 TO OMEGA 6 FATS. Most vegetable oils (olive oil is the exception) are very high in Omega 6 fats and are inflammatory and should be avoided. Omega 3 from sardine/anchovy fish oil, like the fish oil found in OMEGA MAX, cannot have its full anti-Inflammatory impact in the presence of vegetable oils.

4. NO TRANS FATS – ALL ARE INFLAMMATORY. Commercial baked goods – such as crackers, cookies and cakes – and many fried foods, such as doughnuts and French fries – routinely contain trans fats. Shortenings and some margarines can be high in trans fat.

5. PROBIOTICS ARE YOUR FRIEND. It's a 24/7 war in your gut, so you want to help out the good guys by adding probiotics which are vital for reducing overall body inflammation.

6. SATURATED FATS, especially found in wild caught Salmon, are a welcome and vital source of Omega-3 fatty acids which help reduce inflammation.

7. VEGETABLE AND FRUIT ANTIOXIDANTS. Vegetables and fruits are a proven source of anti-inflammatory antioxidants.

When you choose an anti-inflammatory diet with OMEGA MAX™ as the ultimate daily kick start, you'll reduce inflammation throughout your entire body. The result is your blood will thin and clear. Your circulation will improve and your energy will soar.

Plus, your vision will improve as well as your digestion, your skin tone, even your sex life. It's all possible, the easy OMEGA MAX way.

One more **BIG OMEGA MAX™** Promise:

LESS PAIN, MORE FUN EVERY DAY...

From writers to
weight lifters...

From guitarists to
graphic artists...

No matter what your
profession, you're subject
to the aches and pains of
standing or sitting too long.

**But now, there's a way to reduce the intensity
of joint pain, morning stiffness, painful joints,
joint tenderness and the need for prescription
pain medications with OMEGA MAX...**

The essential fatty acids EPA and DHA in OMEGA MAX possess anti-inflammatory properties which can ease and even eliminate the discomfort experienced by those suffering from joint, neck and back pain.

YOUR BODY'S OWN MESSENGER MOLECULES ARE THE KEY TO A PAIN-FREE DAY

These fatty acids are converted to "messenger molecules," which relieve pain and inflammation in joints.

These two amazing fatty acids found in OMEGA MAX stimulate your body's anti-inflammatory processes and help relieve joint pain, much the same as NSAIDs and COX-2 inhibitors, but without the side effects.

An excess of pro-inflammatory messenger molecules causes joint pain, and consumption of ultra-pure fish oil helps you avoid this build up.

Available nowhere else. Not sold in stores.

The true cause of joint pain in America may surprise you...

One of the causes of joint pain is the over-consumption of omega-6 fats in the modern American diet.

Omega-6 fats are a necessary part of the diet; however, vegetable oils and over processed foods sway the balance that the body needs between omega-6 and omega-3 fatty acids.

The best ratio for health is an omega-6:omega-3 ratio of 3 to 1, but most Americans consume a ratio of 15 to 1. This is the cause of much chronic inflammatory joint and back pain.

OMEGA MAX fixes that imbalance fast and gradually, over time, joint pain is replaced by greater strength and flexibility.

IMAGINE, THROWING OUT YOUR PAIN MEDS

According to seniorjournal.com, 250 people who experienced chronic back pain were given a fish oil supplement for 75 days. After this period, 60% of the people reported significant improvements and pain reduction, while 59% were able to discontinue other pain medications.

LESS PAIN, MORE FUN EVERY DAY GUARANTEED!

The ultra-high quality DHA/EPA sardine/anchovy oil in OMEGA MAX helps reduce inflammation throughout your body. And less inflammation means less stress on your arteries and less pain in your muscles and joints.

**If you want less daily pain, then OMEGA MAX
offers you proven, effective help that's supported
by thousands of case studies.**

HEART DISEASE IN YOUR GENES? Read This Now...

Lots of people believe that because their parents or grandparents had high blood pressure or high cholesterol, then they are destined to follow suit. Sadly, they will accept this destiny as the only possible medical outcome.

Well, the actual outcome for heart health is in your hands and is largely tied to diet, moderate exercises and other smart lifestyle choices.

Here are 3 easy life-saver things you can do right now to insure that you can break away from a family pattern and set your own vibrant course toward lifelong health.

OMEGA Life Saver #1!

Reduce your consumption of breads, pasta, and other starches as well as pro-inflammatory omega-6 fatty acids found in most vegetable oils except olive oil.

OMEGA Life Saver #2!

Make sure each meal consists of a blend of protein, good fats and complex carbohydrates because a balanced meal reduces your need for insulin which lowers your need for glucose & reduces inflammation spikes throughout your body.

OMEGA Life Saver #3!

Try to get 20 to 30 minutes of moderate exercise every day to insure good circulation.

Your heart is a muscle and if you don't use it, you lose it.

If you do have a family history of heart disease, you can also buy some very economical health insurance by using OMEGA MAX™ on a regular daily basis. It was formulated by Dr. Henning Ansorg with one purpose in mind: to help you avoid heart disease and premature brain aging.

Available nowhere else. Not sold in stores.

“YOUR SKIN IS SO BEAUTIFUL! WHAT'S YOUR SECRET?”

**That's what friends and
neighbors will say
after you start using
OMEGA MAX™!**

You can spend a fortune on skin care products, but if you want to SEE the most significant changes, then you'll need to put the antioxidant warriors found in OMEGA MAX to work on your skin's behalf.

YOUNGER NOW & FOR YEARS TO COME

Nearly all cell damage is caused by just one thing – inflammation.

But once you slam the brakes on inflammation, you also reduce the oxidative stress on your skin.

What OMEGA MAX does is protect the cell plasma membrane and the fat layers that surround the cells, so that inflammation will be minimized, thus warding off accelerated aging to your heart, your brain, all your major organs and...even your skin.

THIS PROTECTION FROM CELLULAR INFLAMMATION IS THE #1 SECRET TO YOUTHFUL ENERGY AND APPEARANCE

When your body gets all this OMEGA MAX help on a regular, daily basis, you can regain the energy and drive of youth...regain the mental clarity of a person much younger...and regain the glow of youthful skin!

**Use only the best! Forget about the rest! TRY OMEGA MAX.

Thousands of medical studies support the view behind Dr. Ansorg's anti-inflammatory diet and OMEGA MAX formula...

■ **From the *Journal of American Medical Association*:**

Harvard School of Public Health reports that women who consume more fish and fish oil reduced their risk of heart disease by 30%.

■ **From the *New England Journal of Medicine*:**

Investigators from Massachusetts General Hospital reported that men in the Physicians' Health Study (men who had no evidence of prior heart disease) who consumed Omega-3 fatty acids had a significantly reduced risk of sudden death.

■ **From *Circulation*:**

Investigators from Italy report that consuming 1 gram per day of Omega-3 fatty acids resulted in a significantly reduced risk of sudden death among survivors of heart attacks.

Before you take any supplement, please consult your physician or other licensed healthcare professional to determine if it's appropriate for you.

WHAT CAN OMEGA MAX ACCOMPLISH THAT A HEART SURGEON CAN'T?

If you have plaque (and most of us do) OMEGA MAX can slow the rate at which plaque advances and protect against plaque rupture, thus decreasing your risk of heart attack, atrial fibrillation, or arrhythmia.

Plus, OMEGA MAX can help..

- **DECREASE** triglycerides and blood pressure
- **MAKE** your blood less sticky
- **SOOTHE** heart rate variability
- **REDUCE** arterial wall inflammation
- **STABILIZE** plaque so you can avoid plaque rupture

"No matter what your age or current physical condition...

OMEGA MAX can help restore the dream of a vital, healthy life!

Reducing inflammation is not only about reversing heart disease.

My patients tell me that when they follow an anti-inflammatory diet and supplement with Omega-3s and antioxidants, amazing things start to happen...

- Their chronic pain starts to ease.
- Their fatigue starts to diminish.
- Their mental alertness returns.
- Their digestion issues improve.
- Their dry, flaky skin problems resolve.
- Their life-long ailments seem to go away.

It turns out, chronic, low-grade inflammation – aggravated by an over-consumption of Omega-6 oils and a sugar-rich diet – isn't just tied to heart disease. It's linked to almost every degenerative condition including Alzheimer's, insulin resistance, diabetes, obesity, chronic fatigue, arthritis and the list goes on."

– Dr. Henning Ansorg

With OMEGA MAX, you can set aside your fears about heart disease... accelerated brain aging... chronic fatigue... joint pain... dry, flaky skin and get on with enjoying your life to the fullest every day.

Now, you can walk, run, bike, swim, golf and know that your circulatory system, from head to toe, is getting optimal nutrition and protection.

Use only the best! Forget about the rest! TRY OMEGA MAX. It works like we say it does or IT'S YOURS FREE!

Your Heart & Brain & Total Body Health Is Guaranteed 12 Ways For Life!

Only OMEGA MAX™, formulated with ultra-pure sardine/anchovy oil and liquid CoQ10 that's TWICE as potent as any other soft gel, attacks the root cause of heart disease and brain aging. And only OMEGA MAX is backed by this outrageous **12-Point Lifetime Guarantee!**

GUARANTEE #1 Better Blood Pressure or it's FREE! Check your blood pressure in 30 days and get ready to be delighted, thrilled even. If not, you'll get your money back.

GUARANTEE #2 Better Blood Profile! At your next check-up, your doctor must be impressed by your lower LDL cholesterol and lower triglycerides and more or you'll get your money back.

GUARANTEE #3 Greater Mental Clarity! After using OMEGA MAX for as little as 30 days, you've got to feel like the rust has blown off your mental circuitry and is replaced with greater clarity and concentration, or you'll get your money back.

GUARANTEE #4 Less Pain, More Fun! After using OMEGA MAX for as little as 30 days, you've got to feel greater mobility and flexibility in your joints and muscles and less pain, or you'll get your money back.

GUARANTEE #5 More No-Quit Energy! After using OMEGA MAX for as little as 30 days, get ready to experience a new power surge of energy that won't quit, no matter how busy you are. If not, you'll get your money back.

GUARANTEE #6 Better Skin Tone! After using OMEGA MAX for as little as 30 days, you'll start to see dramatic improvements in your skin. Smooth, supple, silky will be the words others will use to describe the way you look. If not, you'll get your money back.

GUARANTEE #7 Better Immune Response! After using OMEGA MAX for as little as 30 days, your immune response will improve through a rich infusion of powerful and proven antioxidants. If not, you'll get your money back.

GUARANTEE #8 Better Vision! After using OMEGA MAX for as little as 30 days, your vision will improve. The quercetin and bilberry can help circulation and oxygen delivery to the eye and the DHA-rich, ultra-pure sardine-anchovy oil can help add to the DHA already found in the retina. If not, you'll get your money back.

GUARANTEE #9 Better Digestion! After using OMEGA MAX for as little as 30 days (and working Dr. Ansorg's anti-inflammatory diet), your digestion will dramatically improve. If not, you'll get your money back.

3 More Guarantees Make 12 In All!

GUARANTEE #10 Unmatched Quality! The 5 ingredients in OMEGA MAX have each been widely documented for their effectiveness in reducing arterial and brain vessel inflammation while INCREASING blood flow, REDUCING metabolic waste and LDL, and IMPROVING your overall circulatory system which can also help lower inflammation in your muscles and joints.

GUARANTEE #11 Highest Purity & Safety! This comprehensive heart and brain formula was researched and developed in Sedona and Camp Verde, Arizona over many years in consultation with Henning Ansorg, MD. OMEGA MAX is manufactured under strict GMP (Good Manufacturing Practices) and tested for both purity and safety to ensure you receive the same consistent high quality whenever you get OMEGA MAX.
