

Rare berry discovered in the Amazon Rain Forest is being called the Fountain of Youth

Helps provide anti-aging, greater energy, improved sexual function, better sleep, improved mental functions, and detoxifies the body

By: L. Kamp, Media Services

A rare berry discovered in the Amazon Rain Forest is being called The Fountain of Youth.

This rare berry helps provide energy, helps improve digestion, sleep, sexual function, boosts your immune system and even helps to cleanse and detoxify the body.

Harvested naturally from the rain forests of Brazil, this rare berry packs vitamins B1, B2, B3, Vitamin E, Vitamin C, Phosphorus, Calcium, Potassium, Fiber, Proteins, good fatty acids such as Omega 6 and 9 and many, many more.

This rare berry has been put into a capsule brand named ACAI.

ACAI gives you all the vitamins, minerals and nutrients your body could ever need in one capsule, twice per day.

Plus, it gives you one of the highest levels of anti-oxidants on the market.

Studies have shown that ACAI provides up to 33 times the anti-oxidant effect as red wine grapes.

In fact, people from Brazil have been taking it for thousands of years to help with:

- Greater Energy and Stamina
- Improved Digestion
- Improved Mental Focus
- Better Sleep
- Improved Sexual Function
- Boosting of the Immune System
- Cleansing and Detoxing the Body

With ACAI you can get the energy from your youth and you open up the vitality and increased stamina you had when you were 20.

Consumers who have tried ACAI are calling it the new fountain of youth.

It is quickly becoming the future of health supplements.

ACAI has been listed as the most nutritious fruit in the world and is even recommended in Dr. Nicholas Perricone's new anti-aging book; *The Perricone Promise*.

What is so amazing about ACAI is that it has absolutely no additives. It is 100% pure.

ACAI is picked naturally and is certified by the Brazilian government.

The pulp is then manufactured into a capsule in an FDA Certified manufacturing facility to ensure the highest quality and most beneficial health product for your hard earned money.

This is truly a product that will make a difference in your life.

For even more information on this phenomenal new product, here is my interview with the Product Development and Specialist:

Q. Does ACAI interfere with prescription drugs?

A. No. ACAI is a natural fruit. It is not a drug.

Q. What is ACAI?

A. ACAI, whose scientific name is Euterpe Oleracea, is actually a small, round fruit with a blackish purple color.

It looks like a grape, but is smaller and darker. ACAI has a big seed and very little pulp. It is widely used in energy

drinks, ice cream and energy bars with granola. In Brazil the pulp from an ACAI fruit is taken straight or used in juices.

Q. Where is ACAI found?

A. The ACAI tree is found in the Amazon Rain Forest located in Brazil.

Q. Is the product Organic?

A. Our ACAI 4:1 extract is Certified Organic and Wild Harvested. And it is actually even far better than organic since it is part of the Amazon Rain Forest.

You see, the trees in the Rain Forest are untouched and grown naturally. So the ACAI tree has been there for thousands of years.

There is no mass farming or mass production. Everything is grown as naturally as you can possibly get by the natives who live there.

Q. How do you use ACAI?

A. Just take 2 capsules per day and follow the directions on the bottle.

Q. Is the ACAI heated or compromised in any way?

A. Our ACAI is never heated, freeze dried or damaged in any way, shape or form. All nutrients are intact and no additives are ever added. It is as pure as you can possibly get.

In fact, our new analysis done by Brunswick Labs verifies this:

Our ACAI is so pure that it is like picking a fresh fruit off a tree.

Q. What benefits can you expect from ACAI?

A. There are so many, please bear with me through this lengthy list.

You will save a substantial amount of money. Instead of buying 15-20 different vitamins and choking them down every day, you can simply take 2 ACAI easy-to-swallow capsules and you will get the benefits of almost every vitamin, mineral and nutrient out there.

ACAI has more proteins than even an average egg. So for those who have a hard time obtaining enough protein throughout your day, ACAI is definitely your answer.

ACAI has a high amount of lipids. Obtaining the proper amount of lipids will give you the energy you've always desired.

ACAI has essential minerals such as iron, potassium, phosphorus and calcium.

ACAI has all-natural Vitamins B1 (Thiamin), B2 (Riboflavin), B3 (Niacin), Vitamin C and Vitamin E (Tocopherol).

ACAI has been shown to have up to 33 times the Antocyanine (a powerful Anti-Oxidant) than red wine grapes.

ACAI has a high level of fiber which is extremely beneficial for the elderly and for people who have problems with digestive organs.

ACAI has two essential fatty acids known as Omega 6 (Linoleic Acid) and Omega 9 (Oleic acid).

ACAI's Anti-Oxidant factors play a large role in main-

Testimonies of a few of the thousands of satisfied ACAI customers

"After being on your ACAI product for only two months every one of my readings went normal and I finally qualified for the normal, low insurance rate. Both my family and I are so grateful for this and the terrific changes in my health."

John L.
Portland, OR

"Very effective in increasing my sexual capacity, my overall stamina with just one week of usage. I feel like I am in my twenties again."

Richard S., age: 57
Irvine, California

"When you're on a budget... ACAI gave me piece of mind of various vitamins without having to buy the entire row of nutrients."

Ingichi K., age: 31
San Pedro, CA

"Spending money was a very hard thing for me, and when the ACAI Capsules came out I saved so much money. I cut out half the cost by not needing to purchase all the vitamins separately. Using this product saved me a large sum of money."

Edgar C.
Spartanburg, SC

"Your slogan about the Fountain of Youth really hit it on the mark. This product does wonders, my energy is now five times what it was just 1 month ago. I can play with my children and for some reason my weight has even gone down. Your ACAI product also helped me by providing the necessary vitamins I needed to get me back in the game. Thanks for all the help."

Rodger J., age: 29
Anderson, SC

"My husband is now 87 years old. Twenty seven years ago he suffered a massive heart attack at which time the Doctors said he would not live for more than a year at best. Recently he developed what many Heart patients and Diabetic patients develop -- very poor circulation in his feet and legs and beginning in his hands. His feet were badly swollen and almost purple in color. Then he started to develop bad sores on his feet and legs."

We have had him to five different Doctors -- two of them Specialists. All of them said it was very serious, this sort of thing could lead down the line to amputations and there wasn't much they could do for him. In desperation we decided to put him on the ACAI Berry Capsules with doses of 2 capsules every day. Within two weeks all of the swelling and discoloration was gone and his feet and legs looked normal, also all of the sores were completely healed."

We are so happy and relieved to think we have found an answer to his many problems. He no longer has arrhythmia or water retention and his heart seems to be better than it has for many, many years. We would highly recommend this wonderful product to anyone with Heart or Diabetic problems who are having the same problems. It would certainly be worth trying to see if it would help them as much as it has my husband."

Mrs. Rina G.
Long Beach, CA

"I now have more energy, less tired during the day (I take less naps), I am thinking more clearly and get less distracted. I feel younger overall."

Bill R.
Anderson, SC

"I noticed better sleep... woke up feeling rested and have less frequent urination."

Cairney C.W.
Long Beach, CA

"The detoxifying anti-oxidants effect that I got is far better than even pomegranate or grape juice."

Phyllis T., age: 49
Coconut Grove, FL

"I feel much firmer after working out."

Kirk D.
Las Vegas, NV

er, more productive life.
