

HARVARD SCIENTISTS DISCOVER HOW TO “Switch On” LONGEVITY GENE!

America’s #1 Integrative Cardiologist® Recommends

“Take Two and Call Me When You’re 100!”

Doctor’s “Little Red Pill” naturally improves blood pressure, cholesterol, energy and brain health; users report results in just weeks!

Are you suddenly “feeling your age” and struggling to maintain healthy blood pressure, cholesterol levels, and relief from aches and pains? Do you experience a lack of energy throughout the day and have a hard time focusing? If you said yes to one or all of these, then there’s good news.

Dr. Stephen Sinatra says it may finally be possible to enjoy healthy aging, even up to age 100 by taking 2 small pills a day. Read on...

Dr. Sinatra, a cardiologist for more than 30 years, and best selling health author, was famous for his heart-healthy vitamin cocktail called Omega Q Plus—the “little red pill”. It kept his patients healthy for decades. Then he added Resveratrol to his tried-and-true formula...why?

“By adding this nutrient to Omega Q Plus, I believe we have created the single greatest anti-aging vitamin ever,” he claims.

Switch “On” Your Longevity Gene
Harvard scientists have tested thousands of nutrients to try and activate the anti-aging process. It wasn’t until they tested resveratrol (found in red grapes) that they saw the longevity gene light up like a Christmas tree.

“I spent 12 months reviewing all the research studies. This nutrient not only stimulates the longevity gene but it also works inside your arteries, prevents cholesterol oxidation, improves

insulin sensitivity, helps keep brain cells younger, and boosts blood flow. How could I NOT add it to my formula?” The result is Omega Q Plus Resveratrol.

Doctor’s 5-in-1 Formula
One of the key benefits of Omega Q Plus Resveratrol is that it combines the purest omega-3, CoQ10, and resveratrol along with L-Carnitine and a full complex of B vitamins. These five nutrients are at the top of the list for most anti-aging doctors recommending natural nutrition for a healthy heart and body.

Better Blood Flow, Cholesterol & Sugar Levels
Numerous studies confirm resveratrol is a potent antioxidant that inhibits “sticky platelets” inside the arteries while preventing bad cholesterol from oxidizing (rusting) in the bloodstream. Additionally, it helps improve insulin sensitivity to help keep blood sugar levels steady.

“I take it myself because it is 8 times better for healthy blood pressure,” says Dr. Sinatra.

German Study Confirms Improvement In Total Body Circulation
Nitric oxide is the gas naturally produced by the body that keeps arteries wide and flexible for maximum blood flow to the whole body. According to a study from Johannes Gutenberg University in Germany, a sample of cells that line the arteries—known as endothelial cells—started producing

more nitric oxide in as little as 24 hours when exposed to resveratrol. That means better circulation throughout your entire body in as little as 24 hours!

Dr. Sinatra’s formula has a professional level dose of resveratrol to enhance blood vessel health, blood pressure, and blood flow. And it’s in the trans resveratrol form believed to be super-bioavailable.

Noticeable Results in Just Weeks
One satisfied customer reports, “My husband’s blood tests came back perfect. Within 2 weeks I noticed improvements. I’m walking better and feeling more healthy.”*

“I was taking all of these ingredients separately...then I found them all together in Omega Q Plus Resveratrol! I love the ease. My blood pressure is good, joint movement easy and free, and I feel great,” confirms Mr. Sliz*.

Say Goodbye to Dozens of Pills
The “Little Red Pill” saves you hundreds of dollars a year by combining these nutrients into one formula and comes with a 90-day guarantee so you can experience noticeable results worry free. Thousands call monthly to order more.

Florence agrees, “I have more energy and stamina. I walk further. I take 2 capsules and notice a big difference.”*

More Energy Equals Better Health
Omega Q Plus Resveratrol is a heart health formula but you may notice the rapid increase in energy first. This is because the Hydro Q-Sorb® form of CoQ10 passes through the cellular membranes and feeds your mitochondria—the fundamental energy furnace of life. Within days, this CoQ10 could double or even triple your energy levels!

“It’s Like Pouring Lighter Fluid on a Campfire”
Dr. Sinatra compares the effects of CoQ10 on cells by saying, “your mitochondria instantly ignite and your energy levels soar.”

“By far the best supplement I have ever taken—helps everything—circulation, physical energy, mental energy and brain activity...” Mr. Billet*

Nourishes Healthy, Flexible Joints
As part of his anti-aging formula, Dr. Sinatra made sure to include a significant amount of omega-3, high in DHA and EPA for better heart, brain and joint health.

Dr. Sinatra weighs in, “With Omega Q Plus Resveratrol you are getting every nutrient you need to immediately fix your energy levels and make sure that your next blood test is the best you’ve had in years—guaranteed or it’s free!”

Dr. Sinatra’s unique formula replaces traditional fish oil with a rare form of omega-3 from calamari (squid) that eliminates the odor and toxins of regular fish oil. This allows you to get the inflammation-reducing effects and joint soothing benefits of omega-3 without the unpleasant “fish burps” of other formulas.

Georgia resident Rachel W. discovered a happy surprise after trying Omega Q Plus, “I started taking it to help my knees. I was able to move easier... I had more energy and then I noticed better cholesterol...I would recommend this product to anyone.”*

“Our minds are much clearer...there’s no burping fish taste...it’s very pure,” says Wil W., OR.*

“Dr. Sinatra has created the decade’s most effective anti-aging cocktail,” says clinical nutritionist, Bill Gottlieb.*

When asked what improvements she noticed since taking Omega Q Plus, Linda T. said not only had she seen a healthy decrease in her blood pressure and cholesterol levels, she also reported a surge of energy “right away—2 or 3 days after taking it...I absolutely love it!”

With over 10 million bottles sold in the U.S., the effectiveness is well proven.

“The results are so profound customers don’t want to run out,” continues Bill Gottlieb.

- Proven Results You Can Feel**
- Improve circulation
 - Boost brain power
 - Promote all-day energy
 - Superior heart health
 - Balance blood pressure
 - Better cholesterol
 - Lubricate joints

2 Bonus Bottles of Doctor-Recommended 5-in-1 Formula
Call the toll-free number for your free bonus 60-day supply of the same formula used by Dr. Sinatra’s patients.

Be one of the first 500 callers and get a 30-day supply of Vitamin D3 free with your order. Also be sure to ask how you can receive free copies of the shocking health reports on Mental Clarity, Weight Loss and Heart Health—a \$35 value free!

The 2 bonus bottles of Omega-Q Plus Resveratrol, the free reports and free bonus gift are yours to keep no matter what you decide.

The Top 5 Nutrients recommended by doctors for a healthy heart and healthy aging are now available in a SINGLE DOSE of affordable capsules so you no longer have to swallow dozens of pills.

◀ SINGLE Dose of Omega Q Plus Resveratrol (Just 2 Capsules)
