Breakthrough pill delivers 5 times more weight loss

Public gets free full month's supply just by beating the 16 hour deadline to cover the second month for the 'fast acting' weight loss pill that works without adding exercise or changing what you eat

Patented ingredient works: It's easy, safe, stimulant-free and clinically shown to get 400% more weight loss

(UMS) - Losing weight just got easier.

That's because a breakthrough weight loss supplement called Apatrim® has been clinically shown to produce 400% more weight loss without adding exercise or changing what you eat. And as you could imagine, it's been flying off store shelves all over the Cincinnati area.[1]

The only thing readers have to do is beat the 16-hour deadline and cover the cost of the second month's supply. Everyone who does is instantly being awarded their first months supply absolutely free.

To make sure local readers are guaranteed to get what they need, Regional Health Hotline Operators are standing by to hand out an entire full month's supply of the 'fast acting' pills for free.

With the free supplies being handed out, readers are expected to flood the Regional Health Hotline so two additional Overflow Hotlines have also been set up to make sure everyone gets all the Apatrim they need.

"Apatrim comes from a natural edible plant source, and it's safe and easy to use. This weight loss supplement can actually help people eat less beginning the very first day," said Dr. Joseph Dietz, Director of Health Science, Research and Development for PatentHEALTH.[1]

And since Apatrim works to suppress your appetite, most people can eat what they want and still lose weight.[1]

In fact, during Apatrim's 4-week clinical study, participants lost an average of 400% more weight than those taking a placebo. And an amazing 83% of the participants who took the active ingredient as directed quickly lost weight.[1,2,3]

"By suppressing their appetite, most people will consume fewer calories which can lead to weight loss," said Dr. Dietz. "Consumers should always keep in mind that there is no substitute for proper diet and exercise when it comes to losing weight."

"We're bracing ourselves for all of the calls," said Ken Geis, PatentHEALTH Regional Health Hotline Manager.

The Regional Health Hotline and overflow lines will only be passing out the free supply for the next 16 hours, so readers are urged to call right now to get their pills for free.

"With this free giveaway, there's going to be a lot of excited people shedding pounds and inches," said Geis.

"We're doing everything we can to make sure no one gets left out, but readers need to call now, before the 16-hour deadline expires," Geis said. ■

■ **AMAZING RESULTS:** There's no need to change your current lifestyle; there's an easier way to lose weight and inches without adding exercise or changing the foods you eat. All you have to do is take the breakthrough weight loss pill called Apatrim. It's that simple. In fact, this 'fast acting' supplement helped people lose 400% more weight in the clinical trial. Since Apatrim® has become so popular it may be hard to find, so readers who want to get their free supply are urged to call 1-866-965-7533 right now for fast home delivery.

Take the weight loss test

Just circle 'True' or 'False' after each question. If you answer TRUE to 3 or more, you should call to get the free supply of Apatrim®.

QUESTION	TRUE (Circle One)	FALSE (Circle One)
1. As I age, it is harder for me to lose weight.	T	F
2. I have failed at dieting more than once.	T	F
3. I want to quickly lose weight and inches.	T	F
4. I want visible results that will be noticed.	T	F
5. I made a resolution to lose but it was too hard to keep with it.	T	F
6. I don't want stimulants like caffeine, green tea or ephedrine.	T	F
7. I am a victim of Yo-Yo dieting.	T	F
8. I am concerned about the health risks of being overweight.	T	F
9. I want to see good results in less than 4 weeks.	T	F
10. I would prefer to eat many times a day rather than 'starve'.	T	F

How to get your free pills:

To make it easy for readers to get their full month's supply of Apatrim free, a Regional Health Hotline and two Overflow Hotlines have been set up. Follow the instructions below to get your order for the free month's supply shipped directly to your home. All you have to do is beat the 16-hour deadline and cover the cost of the second month's supply.

Regional Health and Overflow Hotlines; 16 hours only

All Hotlines open promptly at **8:00am today**. Hotlines will pass out the free supply for only the next 16 hours. **Call 1-866-965-7533** and ask for **Dept. AP7591**. If that line is busy, call one of the Overflow Hotlines at either **1-866-965-7547** or **1-866-965-7574** and ask for **Dept. AP7591**.

Retail Pharmacies:

It has been reported that a supply of Apatrim exists at **CVS/pharmacy, Rite Aid** and **Walgreens**. If you find a pharmacy that has Apatrim, you can still get the free supply. Just pick up 2 bottles and mail the receipt along with a check for 77.85 to cover shipping and handling. Check payable to PatentHEALTH, LLC. Mail to:

PatentHEALTH National Distribution Center
Postal Drawer 9902
Canton, OH 44701-0902
RE: Apatrim Free Supply

Consumers not able to find Apatrim at their local pharmacy should call the hotlines and have it delivered directly to their homes.
